

VRITIKA RESEARCH INTERNSHIP ON

Advanced Experimental and Computational approaches towards Development of Sustainable Energy Efficient Systems

ORGANIZED BY

Department of Mechanical Engineering
National Institute of Technology Srinagar
Jammu & Kashmir, INDIA-190006

FUNDED BY

Science and Engineering Research Board (SERB),
Govt. of INDIA, under Accelerate Vigyan Scheme

'VRITIKA' is a call for scientific initiation and practice through training and skill internship. Through this internship, the programme seeks to foster a strong interest in scientific and engineering research as well as providing technical insight into the field of science and engineering. Organizations, institutes, and laboratories of national significance will largely facilitate these internships

WHO CAN APPLY?

4th year B. Tech, Masters and PhD (Mechanical Engineering)
students enrolled in any Indian Universities/Institutes.

OBJECTIVE

This internship program aims to develop skill for internship students from universities and institutes. The internship program will provide a holistic learning experience combining theoretical knowledge with practical skills. The participants will have hands on exposure of the experimental and computational approaches related to real world problems.

National Institute of Technology Srinagar

National Institute of Technology Srinagar is one of the premier educational institutes in the northern region of the country. It was established in 1960. The institute is located on the banks of the world-famous Dal Lake on one side and the Hazratbal shrine on the other side. The Institute offers B. Tech, M. Tech and PhD courses in diversified areas of Engineering and Science.

NATURE OF SUPPORT

Lodging, Food, Stationery, Travel (to & fro) requirements will be met free of cost as per SERB norms.
