Competition for the Cover Page Design of the Institute Magazine SABZAR (Deadline Extended)

It is a matter of great pleasure that NIT Srinagar is going to publish the Institute Magazine, **SABZAR**. We would like to incorporate student's creativity and artwork for the **cover page design** of the Institute Magazine.

The deadline to submit magazine cover pages has been extended. Students can now send cover pages designed by them by **10th May 2019**. The design should bring out the essence of our beloved institute. It should be original and of high resolution. The design could be sent in any file format via mail at the following email addresses. The subject of the email should be "**Magazine Cover Page**". The students are requested to mention their name, batch, branch, and enrolment number in the body of the email.

All the entries for the cover page will be judged by the members of the Magazine Editorial Board on the basis of creativity, originality, and overall execution of the idea. The winning design will get featured as the cover page of the 2019 issue of the institute magazine.
