No.Nits/ADE/2025/ 315.

Dated 17 /06 /2025.

TO WHOM IT MAY CONCERN

Grading System							
Grade	A+	A	B+	B	C+	C	F
Points	10	9	8	7	6	5	0

$$SGPA = \frac{\sum (C \times GP)}{\sum C}$$

Where, C= Credit(s) for the Course, GP= Grade Point obtained for the Course and the Sum is over all the courses taken in the Semester.

For the Cumulative Garde point average (CGPA) same formula is used except that the sum is over all the courses taken in all the semesters completed upto the point in time.

CGPA to percentage conversion = (CGPA) multiplied by 10.
