### Weeklong workshop on 'research methodology in literary studies, humanities' begins at NIT Srinagar

All sessions of the workshop will be eye-openers for all participants: Director NIT

**SRINAGAR, MAR 02:** A week-long virtual workshop on 'Research Methodology in Literary Studies and Humanities' began Wednesday at Department of Humanities, Social Sciences & Management (HSS&M), National Institute of Technology (NIT) Srinagar.

The inaugural session of the workshop was presided over by the Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, who is also the chief patron of the workshop, while Prof. MF Wani Dean R&C and Prof. Najebeud-Din, Dean Academic Affairs are the patrons of the program.

HOD HSS&M, Prof. Abdul Liman is the organizing head of the program while Dr. Nasir F. Butt is the main convenor and organizer of the workshop. Dr. Jaya Srivastava, Dr. Sumaira Jan, Dr. Mohd. Rafiq Teli and Dr. Nufazil Ahangar are the coordinators of the workshop.

On the occasion, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal appreciated the HSS&M department for organizing the workshop on a relevant theme. He said such workshops are highly motivating and informative for the all-round

development of students.

Prof. Sehgal also appreciated the efforts of Dr. Nasir F. Butt from the HSS&M department, who is the brain behind organizing the workshop for the betterment of students and faculty.

"No doubt NIT is a professional institution imparting technical and science education at all levels. Our aim is not only to produce technically and skilled professionals but also to go for holistic development of these professionals," he said.

Prof. Sehgal said that the department of HSS&M has taken lead in organizing such kind of workshops. It is a great opportunity for all of us to interact and know about each other.

He said all sessions of the workshop were an eye-opener for all participants and NIT Srinagar will be organizing such workshops in the future also so that students can get benefited from their initiatives.

In his message, Registrar NIT, Prof. Kaiser Bukhari appreciated the organizers for conducting a workshop on a relevant theme. He said these sessions are the need of the hour

and will explore more in-depth knowledge to the participants. Earlier Head Department of HSS&M Prof. Abdul Liman in his welcome address said it is the 5th workshop that department is

organizing during the last 2 years. "We are also planning to host 2nd edition of the international conference in May this year," he said.

The main aim of this workshop is to make scholars capable of formulating research theme, identifying research gaps and framing questions and objectives, and framing effective research proposals, he said.

Prof. Liman said students of the department represented the country at Dubai Expo 2020 (UAE) and visited Mumbai as part of the Indian young delegation. He also expressed his gratitude to Hon'ble Director Prof. Rakesh Sehgal for supporting the academic and research activities at the department.

Convenor of the workshop, Dr. Nasir F. Butt said the present workshop intends to impart research skills by acquainting the scholars and professionals with important aspects of research in the field, enabling them to use multidisciplinary research methods to carry out quality research.

The first session was hosted by Prof. Smita Jha from Deptt. of Humanities and Social Sciences IT Roorkee on 'Methodology, Methods

and Research designs in Qualitative Research."

The other resource persons for the workshop are Dr. Narendra Kumar, Associate Professor Dept of HSS, LNM Institute of Information and Technology, Jaipur, Rajasthan.

Prof. Anil Raina from Dept. of English & Cultural Studies Panjab University, Chandigarh, Dr. Bhatt Iqbal Majeed, Assistant Professor, Department of Social Work, CUJ Jammu, Prof. Roshan Lal Sharma, Former Dean, School of Humanities and Languages, CU Himachal Pradesh, Dr. Isha Malhotra, Assistant Professor & I/c. Head School of Language and Literature, SMVD University.

Dr. Vandana Sharma, Associate Professor and Head of the Department of English from CUJ, Dr. Mohd. Ameen, Senior Assistant Professor, Department of English, North Campus, University of Kashmir and Dr. Raj Thakur, Assistant Professor, Department of English CUJ.

Ms. Shaista Sadeeq, Ms. Shivani Sambyal, Ms. Haqia Nowshen, Ms. Saba Sangeen, Ms. Uzma, Ms. Asma Aijaz are co-coordinators of the weeklong workshop.

## IIC, Ministry of MSME organizes national level awareness seminar at NIT Srinagar

*'Such programs are important for all-round development of students': Director*

### IIC, Ministry of MSME organizes national level awareness seminar at NIT Sgr

**Srinagar, Mar 04:** The Institutions Innovation Council (IIC) and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) in association with Ministry of Micro, Small and Medium Enterprises on Friday organized a joint awareness seminar on 'Entrepreneurship and MSME Schemes' at National Institution of Technology (NIT) Srinagar.

Dr. Dinesh Kumar Rajendran was the Convener of the program and around 60 participants attended the seminar on Friday.

In his message Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal appreciated the organizers for organizing seminar on Entrepreneurship and MSME Schemes. Such initiatives are aimed to provide a stress-free atmosphere on the campus, he said.

"Our society is transforming rapidly, and in this growing and changing era, there is an urgent need to include global awareness issues in our local discussions. It is important for all-round development of students," he said.

Registrar NIT, Prof. Kaiser Bukhari appreciated the organizers of the daylong seminar. He said the primary aim event was to aware students of prevailing market challenges, schemes, and their possible solutions.

The session was hosted by, the Assistant Director of MSME, Srinagar Cluster, Saheel Alaqband. He explained what makes an entrepreneur different from a job seeker and discussed the need for entrepreneurs in Kashmir valley.

Alaqband also explained about the various schemes in MSME and assured the participants come up with a better idea and he will help in getting financial support.

The participants were very eager and asked too many questions about various entrepreneurs' backgrounds also different schemes in MSME to start with their ventures.

Head Innovation, Incubation & Entrepreneurship Development Centre (IIEDC) NIT Srinagar, Prof. Saad Parvez said IIED centre has been promoting innovations and entre-

preneurship at every level inside and outside the campus," he said.

He said IIEDC is on a perpetual journey of deepening the start-up activities in Jammu & Kashmir, especially the valley, by attempting, to solve problems of common people at the individual or community level.

"With the application of knowledge and expertise pursuing product development along with the budding entrepreneurs," he said.

Earlier, Dr. Dinesh Kumar Rajendran, Convener IIC of NIT Srinagar addressed the gathering and stated that they are conducting their activities on regular basis.

"The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas while they are in formative years," he said.

Kumar later presented a vote of thanks to all participants, students for making the event successful and also narrated the year-long activities of the Institutions Innovation Council at NIT Srinagar.

## NIT Srinagar gets DST-FIST grant of Rs 2.67 crores

*Funds aimed to acquire state-of-art equipment, setting up of laboratories for conducting research: Prof. Sehgal*

### NIT SRINAGAR GETS DST-FIST GRANT OF RS 2.67 CRORES

**SRINAGAR, MARCH 06:** Two departments of the National Institute of Technology (NIT) Srinagar have been selected for financial support of Rs 2.67 crores under 'Fund for Improvement of S&T Infrastructure in Universities and Higher Educational Institutions (FIST) Program 2021' by the Department of Science and Technology (DST).

Under the project, the Department of Physics will get Rs 1.65 crores for Level 1 while the Department of Mechanical Engineering under Level 2 will also get Rs 1.2 crores funds under FIST for building and improving infrastructure in the campus. The duration of support will be for a period of up to 5 years.

Director NIT Srinagar, Prof. Dr. Sehgal said the two departments have been selected for a financial grant under the FIST program calling it a proud

movement for the institute.

"The funds are aimed at acquiring state-of-the-art equipment and setting up of laboratories for conducting internationally recognized research," he said.

The director extended greetings to Prof. MF Wani from the Department of Mechanical Engineering and Dr. Vijay Kumar from the Department of Physics for their hard work for the proposals. He said both the departments defended their proposals positively.

Prof. Sehgal said Prof. Wani and Dr. Kumar submitted the projects and they are also the principal investigators for the FIST Projects from their respective departments.

The director said that the amount will be utilized to strengthen the academic and physical infrastructure of

departments for achieving excellence in teaching, training at the institute.

He said it is the second time that the Department of Mechanical Engineering has been selected for the FIST grant.

Institute's Registrar, Prof. Syed Kaiser Bukhari congratulated both Department of Mechanical Engineering and Physics departments for being selected under the FIST grant under the DST program.

He said the FIST project will give a boost to ongoing research projects in the Department of Mechanical Engineering and Physics and will also provide excellent placement opportunities for the students.

"Students will get the opportunity to execute real-life projects in the emerging areas of technology," Prof. Bukhari said.

He also congratulated Prof. Wani and Dr. Kumar for their marvelous achievements in

making the NIT Srinagar administration proud.

He said this grant support is recommended by DST, New Delhi-based on the excellent research and academic performance of the faculty members of these departments.

Prof. Bukhari said the grant will benefit the institute immensely with the up-gradation of infrastructure and facilities and will encourage initiating start-ups in this novel area.

In his message Prof. Nazir Ahmad Sheikh, Head MED congratulated the whole institute including the faculty members and said the grant will boost academics and research.

He also said that such grants are very important to push the institute's development to the next level and added that NIT Srinagar has been taking a lead role in this regard.

### Workshop on research methodology in literary studies, humanities concludes at NIT Sgr

We will be organizing such workshops in future, so that more participants will get benefited: **Director**

Srinagar, March 06: A week-long virtual workshop on 'Research Methodology in Literary Studies and Humanities' on Sunday concluded at the Department of Humanities, Social Sciences, and Management (HSS&M), National Institute of Technology (NIT).

The workshop was convened by Dr. Nasir F. Butt, Assistant Professor from department of HSS&M, while Dr. Jaya Shrivastava, Dr. Sumaira Jan, Dr. Mohd. Rafiq Teli and Dr. Nufazil Ahangar were the coordinators of the event.

The workshop was attended by more than 200 participants from different states including Jammu & Kashmir, Kashmir, Punjab, Rajasthan, Maharashtra, Karnataka, Uttarakhand, Delhi, Kerala as well as from the neighboring countries via Google Meet and YouTube platforms.

The valedictory function was presided over by Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, who was also the chief patron of the workshop.

He congratulated the Department of HSS&M for organizing a workshop on a relevant topic and taking a step to orient the participants about the various contemporary and recent trends in research in literature and Humanities.

Prof. Sehgal said all sessions of the workshop were an eye-opener for all participants and NIT Srinagar will be organizing such workshops in the future also so that more participants can get benefited from these

initiatives. Institute Registrar, Prof. Syed Kaiser Bukhari appreciated the organizers for providing a vibrant platform to all the participants.

The first session of the workshop commenced with the lectures by Prof. Smita Jha, Senior Professor, and Dr. Aruni Mahapatra, Assistant Professor, from the Department of Humanities and Social Sciences, IIT Roorkee.

The subsequent sessions throughout the next four days were conducted by Prof. Anil Raina, Senior Professor, Dept. of English & Cultural Studies, Punjab University, Chandigarh.

Prof. Roshan Lal Sharma, former Dean of School of Humanities and Languages and former Head of the Department of English and European Languages CU HP, Dr. Vandana Sharma, Associate Professor and Head of the Department of English CU Jammu.

Dr. Narendra Kumar, Associate Professor, Dept. of Humanities and Social Sciences, LNM Institute of Information and Technology, Jaipur, Rajasthan, Dr. Bhatti Iqbal Majeed, Assistant Professor, Dept. of Social Work, CUJ Jammu, and Dr. Mohd. Ameen, Senior Assistant Professor, Department of English from the University of Kashmir.

The concluding session of the workshop had an illuminating lecture delivered by Dr. Isha Malhotra, Assistant Professor & official in Hindi School of Language and Literature, Sri Mata Vaishno Devi University, Katra (J&K) and Dr. Raj Thakur, Assistant Professor, Department of English, CUJ Jammu.

A formal vote of thanks was presented by Dr. Nasir F. Butt. He expressed his gratitude to Director NIT Srinagar, Head of the Department, resource persons, faculty members, research scholars, NIT Srinagar's technical team for making the event a grand success.

Dr. Nasir said after the expert talk in every session, the participants actively engaged in the question-answer session where all their doubts were cleared by the speakers.

He said all the sessions received positive feedback from the participants in the comment section of Google Meet as well as the YouTube platform. An MCQ-based test was also conducted at the end of the workshop to assess the impact of the workshop on the participants. Dr. Nasir said.

## Workshop on research methodology in literary studies, humanities concludes

BK News Service

Srinagar, Mar 6: A week-long virtual workshop on 'Research Methodology in Literary Studies and Humanities' on Sunday concluded at the Department of Humanities, Social Sciences, and Management (HSS&M), National Institute of Technology (NIT).

The workshop was convened by Dr. Nasir F. Butt, Assistant Professor from department of HSS&M, while Dr. Jaya Shrivastava, Dr. Sumaira Jan, Dr. Mohd. Rafiq Teli and Dr. Nufazil Ahangar were the coordinators of the event.

The workshop was attended by more than 200 participants from different states including Jammu & Kashmir, Kashmir, Punjab, Rajasthan, Maharashtra, Karnataka, Uttarakhand, Delhi, Kerala as well as from the neighboring countries via Google Meet and YouTube platforms.

The valedictory function was presided over by Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, who was also the chief patron of the workshop.

He congratulated the Department of HSS&M for organizing a workshop on a relevant topic and taking a step to orient the participants about the various contemporary and recent trends

in research in literature and Humanities.

Prof. Sehgal said all sessions of the workshop were an eye-opener for all participants and NIT Srinagar will be organizing such workshops in the future also so that more participants can get benefited from these initiatives.

Institute's Registrar, Prof. Syed Kaiser Bukhari appreciated the organizers for providing a vibrant platform to all the participants.

"It was a successful event and all the participants have gained

a lot from this workshop, which was the main purpose of the program," he said.

In his special address Head of Department, HSS&M Prof. Abdul Liman mentioned the laurels that the department has achieved and new initiatives that have been taken for the expansion of the department.

While appreciating the organizers, Prof. Liman said the primary aim of the workshop was that scholars and researchers would acquire advanced skills of various critical approaches

and methodological tools in research in the field of literature and humanities.

The weeklong workshop had nine academic sessions. The sessions were conducted by distinguished resource persons from IITs and other renowned central and state universities across the country.

The first session of the workshop commenced with the lectures by Prof. Smita Jha, Senior Professor, and Dr. Aruni Mahapatra, Assistant Professor, from the Department of Humanities and Social Sciences, IIT Roorkee.

The subsequent sessions throughout the next four days were conducted by Prof. Anil Raina, Senior Professor, Dept. of English & Cultural Studies, Punjab University, Chandigarh.

Prof. Roshan Lal Sharma, former Dean of School of Humanities and Languages and former Head of the Department of English and European Languages CU HP, Dr. Vandana Sharma, Associate Professor, Dept. of Humanities and Social Sciences, LNM Institute of Information and Technology, Jaipur, Rajasthan, Dr. Bhatt Iqbal Majeed, Assistant Professor, Dept. of Social Work, CUJ Jammu, and Dr. Mohd. Ameen, Senior Assistant Professor, Department of English from the University of Kashmir.

### Noor Mohammad Kitab remembered on his 57th death anniversary

Srinagar, Mar 06: 57th death anniversary of Noor Mohammad Kitab, the pioneer of book publishing in Kashmir, was observed on Sunday at a book exhibition function at Jawahar Nagar.

In a statement, a spokesperson said that the family which owns the publishing house, Ghulam Muhammad Noor Mohammad at Maharaj Gunj Srinagar organized an impressive book exhibition to

after the partition, it was Lucknow."

It reads that having love with the Kashmiri literature, Noor also used to go to different parts of the Valley to collect and fetch Kashmiri literature.

"He would also collect literary material from Kashmir's Islamic scholars and poets and later on compile them and used to give them the book shape."

It further reads that during his lifetime, Noor Mo-

## 'Women are effective and powerful leaders'

By KIR Desk on 12:30 am March 8, 2022 · No Comment

SRINAGAR: The National Institute of Technology (NIT) Srinagar on Tuesday celebrated 'International Women's Day' on the campus in which speakers lauded the contribution of women folk in the society.

The event was organized by Department of Physics and the theme for this year's Women's Day is "Gender equality today for a sustainable tomorrow", recognizing the contribution of women and girls around the world for climate adaptation and mitigation.

Prof. Seemin Rubab from the Physics department was the event coordinator, while Senior Scientist, Dr. Nasheeman Ashraf from CSIR - Indian Institute of Integrative Medicine, Sanat Nagar was the chief guest and Prof. (Dr.) Massarat Khanon was guest on the occasion.

In her key address, Dr. Nasheeman Ashraf shared her inspiring academic and professional journey with the young women audience of the college.

"There is no shortcut to success and one can achieve their goal only through hard work and dedication. Education is the tool which can help one in achieving his/her goals," she said.

Dr. Nasheeman also briefed the participants about various women-centric scholarships, special schemes, awards, and fellowships. S urged students to get benefited from these opportunities.

On the occasion, Prof. (Dr.) Massarat Khan, Dean Faculty of Fisheries, SKAUST-Kashmir who was guest of honour at the event also shared thoughts with the young audience and urged them to work hard in every field.

"Parental support is the backbone for the success and students cannot achieve their full potential unless their parents are actively involved in their education," she said.

## NIT Srinagar celebrates International Women's Day

### 'Women, girls are effective and powerful leaders and change-makers for climate adaptation and mitigation,' Director NIT Srinagar

Srinagar, March 08 (Scoop News)-The National Institute of Technology (NIT) Srinagar on Tuesday celebrated 'International Women's Day' on the campus in which speakers lauded the contrition of women folk in the society. The event was organized by Department of Physics and the theme for this year's Women's Day is "Gender equality today for a sustainable tomorrow", recognizing the contribution of women and girls around the world for climate adaptation and mitigation. Prof. Seemin Rubab from the Physics department was the event coordinator, while Senior Scientist, Dr. Nasheeman Ashraf from CSIR - Indian Institute of Integrative Medicine, Sanat Nagar was the chief guest and Prof. (Dr.) Massarat Khanon was guest on the occasion.

In her key address, Dr. Nasheeman Ashraf shared her inspiring academic and professional journey with the young women audience of the college.

"There is no shortcut to success and one can achieve their goal only through hard work and dedication. Education is the tool which can help one in achieving his/her goals," she said.

Dr. Nasheeman also briefed the participants about various women-centric scholarships, special schemes, awards, and fellowships. S urged students to get benefited from these opportunities.

On the occasion, Prof. (Dr.) Massarat Khan, Dean Faculty of Fisheries, SKAUST-Kashmir who was guest of honour at the event also shared thoughts with the young audience and urged them to work hard in every field.

"Parental support is the backbone for the success and students cannot achieve their full potential unless their parents are actively involved in their education," she said.

Director NIT Srinagar, Prof. Rakesh Sehgal expressed his gratitude to organizers including Prof. Seemin Rubab for organizing the women's day celebrations on the campus.

"It's a day where women are recognized and appreciated for all their hard work and dedication. Women are running ahead of men and leading in each and every sector in the entire country," he said.

Regarding this year's theme, Prof. Sehgal women and girls are effective and powerful leaders and change-makers for climate adaptation and mitigation.

Quoting the example of recent JKBOSE results of 10th and 12th, he said girls have outshined boys. Newspapers were filled with success stories of the girls. Apart from looking after their families, women are excelling in every sphere in today's world, he said.

Prof. Sehgal said our world would mean nothing without women. Their courage that exists in perfect harmony with amazing tenderness saves our world every day, he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari said International Women's Day is a way to recognize and appreciate the things that women do on both personal and professional ends in their lives.

"There is no limit to the work and efforts that a woman can put forward for her own progress as well progress of people linked to her obviously sons, daughters, brothers, and husbands.

Prof. Bukhari said the celebration of women's day is a collective effort of all those who care about human rights. This day reminds us of all contributions and achievements of women in society.

"The first National Woman's Day was observed in the United States on February 28 1909, which the Socialist Party of America dedicated in honour of the 1908 garment workers' strike in New York where women protested against harsh working conditions, he said.

Prof. Bukhari said it is the day where everyone appreciates, acknowledges everything that the women in their lives do," he said.

Head Department of Physics, Prof. MA Shah said this is a global day for celebrating the social, economical, cultural, and political achievements of women. The day also focuses on issues of gender parity in society, he said.

Prof. Shah said his wish is to have ladies like Marie Curie and Lala Ded in the country. He also extended his gratitude to guests, Director Prof. Sehgal and Prof S K Bukhari for their consistent support to the department.

Earlier Prof. Seemin Rubab delivered her keynote address on 'A Philatelic tribute to women in freedom movement' in which she highlighted the contribution of women to Indian freedom.

"The history of Indian freedom struggle would be incomplete without mentioning the contributions of women. The sacrifice made by the women of India will occupy the foremost place. They fought with true spirit and undaunted courage," she said.

Prof. Rubab mentioned Rani Velu Nachiyar, Rani Laxmi Bai, Jhalkari Bai, Begum Hazrat Mahal, Awantibai Lodhi, Savitri Phule, Annie Besant, Sister Nivedita, Kasturba Gandhi, Sarojini Naidu, and others.

"Indian women who joined the national movement belonged to educated and liberal families, as well as those from the rural areas and from all walk of life, all castes, religions, and communities," she said.

The event was also attended by Prof. Mohd. Ikram, Dr. Prince A . Ganai, Dr. Vijay Kumar, Dr. Mohd Zubair Ansari from the Physics department.

The event was followed by a Quiz program, which was coordinated by Miss Surbhi Rajput and Miss Shahreen Imtiyaz from the department.

The first position was bagged by Mousminah and Bazeela, followed by Puja, Varnika, Samruddhi, and Meenakshi. The third position was bagged by Saba and Asma respectively.

While a formal vote of thanks was presented by Assistant Professor, Dr. Jaya Shrivastava to all guests, Director, Registrar, faculty members, and students for making the event successful.

## Week-long training workshop on '5 Axis CNC Machine' begins at NIT Srinagar

'We should take benefits from such machines and allot small projects to our students' Prof. Sehgal

**SRINAGAR, MAR 09:** A week-long high-end training workshop on '5 Axis CNC Machine' began at National Institute of Technology (NIT), Srinagar, and more than 150 participants attended the inaugural session of the event.

The program is organized by the Department of Mechanical Engineering, and Innovation, Incubation and Entrepreneur Development Centre (IEDC) and is sponsored by the Science and Engineering Research Board (SERB), under Accelerate Vigyan (Kaaryashala scheme) of DST.

The inaugural session of the workshop was presided over by Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal expressed his gratitude to the HOD Department of Mechanical Engineering and Head IEDC for considering this idea and making it practically possible.

In his presidential address, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal expressed his gratitude to the HOD Department of Mechanical Engineering and Head IEDC for considering this idea and making it practically possible.

These days it is not easy to get funding, they have been able to get this funding through 'Accelerate Vigyan scheme of DST', which itself speaks about their interest.

Prof. Sehgal said NIT Srinagar has recently procured a machine of over 5 Crores rupees '5 Axis machine' and such a high-end machine is not

available in any of technical institutions in this region," he said.

"We should take benefit of such machines and allot small projects to our students so that they can go for part programming. Skilled manpower is need of the hour," he said.

Prof. Sehgal said that all 10 sessions of the workshop will be beneficial for the participants. There are also separate video tutorials for the participants and it will boost their confidence," he said.

NIT Srinagar is now gaining momentum and we are becoming visible to the outside world because of its research work, activities, and rankings," he said.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari said during the last four years, under the dynamic leadership of Prof. Rakesh Sehgal, NIT Srinagar is taking lead at all fronts by organizing various workshops, international conferences.

"Despite Covid19, NIT Srinagar organized more than 30 workshops and half a dozen international conferences during the past three years," he said.

Prof. Bukhari also stated that NIT's NIRF ranking also jumped 150+ places this year and two departments also got NBA accreditation. Despite Covid19, placement percentage was also increased during the past two years, he said.

Apart from starting new PG

courses, Prof. Bukhari said NIT Srinagar has shown tremendous growth in the areas of research and development, which is visible by the number of projects sanctioned in favor of faculty and the number of research articles that have been published in top journals," he said.

"I hope that this workshop proves

to be a stepping stone towards the public-private partnership at our end. We have designed high-tech labs not only to be utilized for academicians but we invite practitioners from diverse fields to visit our labs and utilize them in the best possible way," Prof. Bukhari said.

He said NIT Srinagar will be

organizing similar workshops in the future, bringing the skilled trained workers in the valley.

Er. Hafeezullah Khan in his key address shared his vast experience of over 30 years in CNC machines since 1983 with the participants. He explained about different series of machines for industries.

He also shared his valuable suggestions, parameters with the participants and urged organizers that there should be a separate catalog for the students.

Dean Research & Consultancy Dean Research and Consultancy, Prof. (HAC) M. F. Wani in his address said the focus of this workshop is to help the participants to acquire the requisite skills and knowledge for undertaking future research assignments requiring high standards.

Head Innovation, Incubation & Entrepreneurship Development Centre (IEDC) and Convener of the workshop, Prof. Saad Parvez Centre explained about the 5 Axis CNC machining center facility and the utilities in the industry.

He said with this new machine, NIT will get connected to the industry, and recently Director Industries of Kashmir visited the high-end machine and shared his feedback.

Dr. Saad also expressed his gratitude to NIT Srinagar Prof. Sehgal, Registrar Prof. Bukhari, Prof. MF Wani for their support in these initiatives.

I am thankful to Prof. Noor Zaman, who worked hard in the procurement process of this machine, he said.

HOD Mechanical Engineering Department and Convener of the workshop, Prof. Nazir Ahmad Sheikh said addressed the participants about the journey of the department.

He said this workshop primarily focuses on young potential researchers and innovators with an aim to expose them to CNC technologies and in spending quality time in the premier institutions as well as to empower them for best practices.

The coordinators of the workshop include Dr. Dinesh Kumar Rajendran, Assistant Professor, MED, Dr. Noor Zaman Khan, Assistant Professor, MED, Dr. Mohammad Mohsin Khan Assistant Professor, MED.

While Dr. Abhijit Dey, Assistant Professor, Dr. Deepak Kumar Naik Assistant Professor, MED are the co-coordinators of the workshop.

Earlier the event began with the welcome address by the program Coordinator Dr. Dinesh Kumar Rajendran who welcomed the dignitaries, participants, and resource persons. He also explained the motto of workshop and speakers from all across the country.

A formal vote of thanks was presented by Dr. Deepak Kumar Naik. He expressed his gratitude to Director NIT Srinagar, Head of the Department, resource persons, for making the inaugural event a grand success.

### NIT Srinagar's Rajbhasha cell organizes webinar on Hindi language

**'Hindi language has its own legacy and rich literature. We will be organizing such events in future also': Director**

**SRINAGAR, MARCH 10:** The Rajbhasha cell of the National Institute of Technology (NIT) Srinagar on Thursday organized a webinar 'Kashmir Mein Hindi Ki Dasha Evam Disha', in which speakers highlighted the contribution of Kashmir poets, scholars towards the Hindi language.

The event was presided over by Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, while Assistant Professor Naira Qureshi from Department of Hindi, University of Kashmir was the main speaker for the event.

On the occasion, Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal appreciated the Rajbhasha cell for organizing the event on a relevant topic and stated that such webinars are need of the hour.

He said there is a need to promote and popularize the Hindi language among the common people as it has its own history, legacy, and rich literature.

"We will be organizing more such events in future and NIT Srinagar will leave no stone

turned in promoting and popularizing Hindi language on the campus," Prof. Sehgal said.

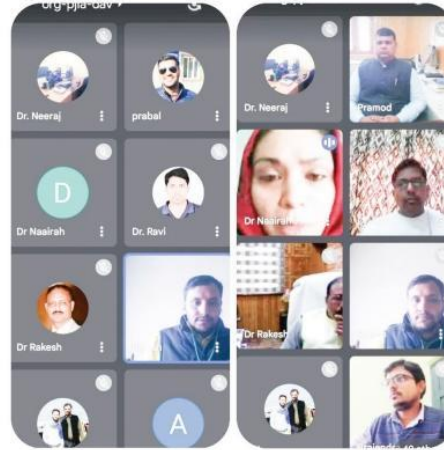

Institute's Registrar, Prof. Kaiser Bukhari said Hindi language is among the oldest languages in the world and we should not underestimate its rich literature.

"Every language is binding people together and it does not belong to any particular religion, sect, community, or ethnicity. We should learn as many languages and their literature," he said.

In her presidential address, Dr. Nairah Qureshi said Hindi is not a new language for the people of Kashmir. It has deep roots in the region, which is visible in its literature and history, she said.

"The valley has produced many great poets and scholars including Agni Shekhar, Anand Warden, Shama Koul, and others who had a great contribution in the field of Hindi literature," she said.

Dr. Nairah said they (poets and scholars) have left their

supreme legacy behind to follow. To promote Hindi in the region, there is need to bring change in the mindset of common people, so that language will not be linked with the religion," she said.

Dr. Nairah said no language

in the world defines any particular religion or region and it is only a means of communication and bringing people together of all sects.

"The government should take more initiatives to promote and

start Hindi language at primary level as well. As there are only a few colleges in Kashmir where is taught as a subject," she said.

Dr. Nairah appreciated the Rajbhasha Cell for organizing the webinar on such topics which is the need of the hour. She also appreciated Director NIT Srinagar, Prof. Sehgal for his support for the promotion of Hindi language on the campus.

Dr. RP Shukla, Assistant Prof. Department of Civil Engineering, and Dr. Sabzar Ahmad Batoo, Hindi Translator NIT Srinagar were the coordinators of the event.

A formal vote of thanks was presented by Assistant Prof. Dr. Ravi Bhushan, who is the Hindi Officer at NIT Srinagar. He expressed his gratitude to Director NIT Srinagar Prof. Rakesh, all Deans, HODs, recourse persons for making the webinar a grand success.

He said the event was attended by more than 150 participants and Rajbhasha cell will be organizing such webinars in the future also.

## NIT Srinagar's Rajbhasha cell organises webinar on Hindi language

**GK NEWS NETWORK**

**Srinagar, Mar 10:** The Rajbhasha cell of the National Institute of Technology (NIT) Srinagar on Thursday organised a webinar 'Kashmir Mein Hindi Ki Dasha Evam Disha', in which speakers highlighted the contribution of Kashmir poets, scholars towards the Hindi language.

The event was presided over by Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, while Assistant Professor Naira Qureshi from Department of Hindi, University of Kashmir was the main speaker for the event.

On the occasion, Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal appreciated the Rajbhasha cell for orga-

nizing the event on a relevant topic and stated that such webinars are need of the hour.

He said there is a need to promote and popularise the Hindi language among the common people as it has its own history, legacy, and rich literature.

"We will be organizing more such events in future and NIT Srinagar will leave no stone unturned in promoting and popularizing Hindi language on the campus," Prof. Sehgal said.

Institute's Registrar, Prof. Kaiser Bukhari said Hindi language is among the oldest languages in the world and we should not underestimate its rich literature.

"Every language is binding people together and it

does not belong to any particular religion, sect, community, or ethnicity. We should learn as many languages and their literature," he said.

## NIT Srinagar's IIED centre presented four innovation projects to MSME

**'New innovations are important and vital for any engineering institution, will continue support innovators' Director**

**SRINAGAR, MAR 11:** National Institute of Technology (NIT) Srinagar's Innovation Incubation and Entrepreneurship Development (IIED) Centre Friday presented its four innovations presentations to the Ministry of Micro, Small and Medium Enterprises (MSME).

The four research projects were already funded under the Design Expertise scheme of the Ministry of MSMEs. They were led by faculty members from Mechanical Engineering Department including Prof. Babar Ahmad, Dr Saad Parvez, Dr Dinesh Kumar Rajendran and Dr Sandeep Rathee.

The project presentations were presented by Er. Shahruxh Mushtaq, Incubation Manager IIED along with one of the innovators at MSME meet at New Delhi on Thursday (March 09, 2022).

Director NIT Srinagar, Prof. Rakesh Sehgal extended his greeting to all the faculty members of Mechanical Engineering Department for presenting their innovations to the MSMEs. It is a proud movement for entire institute as all four research

projects were already funded under the Design Expertise scheme by the government, he said.

Prof. Sehgal said new innovations are important and vital for any engineering institution. Without anything new, there will be no progress and cannot stay relevant in the competitive market, he said. "Any new innovation is the core reason for modern existence and in most cases, it creates positive change," Prof. Sehgal said.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari extended his greetings to the entire team of IIED Centre and Mechanical Engineering Department (MED) for presenting their four innovations at MSME. He said all these projects are funded under the Design Expertise scheme of the ministry.

Prof. Bukhari said NIT Srinagar will continue to support and promote the creativity of individual innovators and to assist them to become technology-based entrepreneurs.

Head Innovation, Incubation & Entrepreneurship Development (IIED), Centre Professor Saad Parvez said

they are presently carrying out various activities including skill

development, entrepreneurship support, incubation of ideas, and

development of grass-root technologies.

"IIED in its journey towards innovation.

The institute would implement the second phase of the joint scheme (Innovation, Design & MSME). It would benefit Innovators and of course the students and faculty members of NIT Srinagar working on the journey of the mind to market," he said.

The four innovations which were presented before the ministry include, 'Know your Kashmir' which is an educational application developed by one of the students Mr Mueed. It will help people across the globe to understand the culture and heritage of Kashmir and will act as a platform also.

The second project 'Levitating Hover board', is coordinated by Dr Dinesh Kumar Rajendran as Project Coordinator. It is executed by five Mechanical Engineering students Mr Meezan, Mr Arun, Mr Vishnu, Mr Mohit, and Mr Abinand.

The project works with the alternate magnetic mechanism work

with the concept of floating train or bullet train will help the commute of Border Security Force for effective surveillance. By installing this in border make a better incident of safe and about the fun part it can be used in theme parks to give the feel of floating to the people.

The third project 'Robotic Glove' 3D Printed Haptic-Feedback and Brain-Computer Interfaces (BCIs) enabled toy device for Neuro-rehabilitation of children.

The project is currently being executed by Dr Sandeep Rathee, Assistant Professor, MED, who is the project coordinator along with a team of engineering students. It is aimed at helping the children with hand impairment in modern society and giving them a chance to experience a more normal and dignified life.

The fourth and last project includes, 'AI-based Toy' is all about talking toy by a local MSME mentored by Prof. Babar Ahmed. It mainly focused on replacing the Chinese toys in the Indian market and promotes the 'Make in India' concept.

"NIT Srinagar will be a pioneer in training and exporting skilled human resources to the global need. "Prof. Sehgal

Srinagar, March 15 (Scoop News) The eight-day high-end training workshop on "5 Axis CNC Machine" concluded on Tuesday at National Institute of Technology (NIT), Srinagar, and more than 150 participants were provided CNC training by the organizers. The workshop was organized by Department of Mechanical Engineering, and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) and is sponsored by the Science and Engineering Research Board (SERB), under Accelerate Vigyan (Kaaryashala scheme) of DST.

The valediction session of the workshop was presided over by Director NIT Srinagar, while Dr. Dinesh Kumar Rajendran was the Program Coordinator of the event.

Director NIT Srinagar, Prof. Dr. Dinesh Sehgal expressed his gratitude to the HOD Department of Mechanical Engineering and Head IIEDC for taking up the challenging task of its first kind in valley. He also appreciated organizers for bringing experts across the country and conducting successful training sessions with the participants.

Prof. Sehgal said NIT Srinagar is mulling to set up the industrial facility by connecting the sophisticated resources available across all the departments. We will make those facilities utilized by the industries 24/7 on a consultancy basis, he said. "NIT Srinagar will be a pioneer in training and exporting a skilled human resource to the global need. This is a unique facility available among NITs and IITs cost over 5. Crores rupees 5 Axis machine" and such a high-end machine is not available in any of technical institutions in the region," he said.

Prof. Sehgal said at 10 sessions of the workshop were much beneficial for the participants. The tutorial session every day was interactive and would make participants more in-depth knowledge about the subject, he said.

NIT Srinagar is now becoming visible to the outside world because of its research work, activities, and rankings," Prof. Sehgal said.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari appreciated the organizers for conducting a workshop on a relevant topic. He said these training sessions are the need of the hour and will explore more in-depth knowledge to the participants.

This high-end workshop will act as a stepping stone towards the public-private partnership at our end. NIT Srinagar will be organizing similar workshops in future also," Prof. Bukhari said.

Dean Research & Consultancy Dean Research and Consultancy, Prof. (JAG) M. F. Wani in his address said the focus of this workshop was to help the participants to acquire the requisite skills and knowledge for undertaking future research assignments requiring high standards.

Head Innovation, Incubation & Entrepreneurship Development Centre (IIEDC) and Convener of the workshop, Prof. Saad Parvez Centre explained the future plan the 5 Axis CNC machining center facility and the possible collaborations in the industry. He said with this new machine, NIT will get connected to the industry and recently Director Industries of Kashmir visited the high-end machine and shared his feedback.

"We are lined up with many skill training programs in the future. For which NIT Srinagar has already submitted a proposal on welding training module to skill development mission of J&K, hope it will be approved soon," he said.

Dr. Saad also expressed his gratitude to NIT Srinagar Director Prof. Sehgal, Registrar Prof. Bukhari, Dean R&C Prof. MF Wani for their support in making the event successful.

HOD Mechanical Engineering Department and Convener of the workshop, Prof. Nazeer Ahmad Sheikh said the department is growing to new heights with many activities and research activities.

He said the main focus of this workshop were young potential researchers and innovators, to expose them to CNC technologies. Spending their quality time in premier institutions like NIT will empower them for best practices, Prof. Sheikh.

Earlier the event began with the welcome address by Dr. Noor Zaman Khan who welcomed the dignitaries, participants, and resource persons.

A formal vote of thanks was presented by Dr. Dinesh Kumar Rajendran. He expressed his gratitude to the SERB Kaaryashala scheme for funding him to organize High-End Workshop.

He also thanked NIT Director Prof. Sehgal, Registrar Prof. Bukhari, Dean R&C Prof. Wani, Head Mechanical Prof. S.N. Ahmed, Head IIEDC Centre Dr. Saad, Coordinators Dr. Noor Zaman, Dr. Mohammad Mohsin Khan, Dr. Deepak Kumar Nair, Dr. Abhishek Dey, Dr. Nabeem for training the participants and the resource persons from various education institutions, for making the workshop a grand success.

Dr. Dinesh also expressed his gratitude to the organizing committee Ms. Qurat, Mr. Sahil, Mr. Tanuj, Dr. Shaukat Mahtab, Mr. Muhammad Irfan for managing the events effectively.

He later congratulated all the participants for successfully completing the eight days training workshop. Very soon NIT Srinagar will start with offline training, Dr. Dinesh added.

## High-end training workshop on '5 Axis CNC Machine' concludes at NIT Srinagar

Srinagar, March 15 (Scoop News) The eight-day high-end training workshop on "5 Axis CNC Machine" concluded on Tuesday at National Institute of Technology (NIT), Srinagar, and more than 150 participants were provided CNC training by the organizers. The workshop was organized by Department of Mechanical Engineering, and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) and is sponsored by the Science and Engineering Research Board (SERB), under Accelerate Vigyan (Kaaryashala scheme) of DST.

The valediction session of the workshop was presided over by Director NIT Srinagar, while Dr. Dinesh Kumar Rajendran was the Program Coordinator of the event.

Director NIT Srinagar, Prof. Dr. Dinesh Sehgal expressed his gratitude to the HOD Department of Mechanical Engineering and Head IIEDC for taking up the challenging task of its first kind in valley. He also appreciated organizers for bringing experts across the country and conducting successful training sessions with the participants.

Prof. Sehgal said NIT Srinagar is mulling to set up the industrial facility by connecting the sophisticated resources available across all the departments. We will make those facilities utilized by the industries 24/7 on a consultancy basis, he said. "NIT Srinagar will be a pioneer in training and exporting a skilled human resource to the global need. This is a unique facility available among NITs and IITs cost over 5. Crores rupees 5 Axis machine" and such a high-end machine is not available in any of technical institutions in the region," he said.

Prof. Sehgal said at 10 sessions of the workshop were much beneficial for the participants. The tutorial session every day was interactive and would make participants more in-depth knowledge about the subject, he said.

NIT Srinagar is now becoming visible to the outside world because of its research work, activities, and rankings," Prof. Sehgal said.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari appreciated the organizers for conducting a workshop on a relevant topic. He said these training sessions are the need of the hour and will explore more in-depth knowledge to the participants.

This high-end workshop will act as a stepping stone towards the public-private partnership at our end. NIT Srinagar will be organizing similar workshops in future also," Prof. Bukhari said.

Dean Research & Consultancy Dean Research and Consultancy, Prof. (JAG) M. F. Wani in his address said the focus of this workshop was to help the participants to acquire the requisite skills and knowledge for undertaking future research assignments requiring high standards.

Head Innovation, Incubation & Entrepreneurship Development Centre (IIEDC) and Convener of the workshop, Prof. Saad Parvez Centre explained the future plan the 5 Axis CNC machining center facility and the possible collaborations in the industry. He said with this new machine, NIT will get connected to the industry and recently Director Industries of Kashmir visited the high-end machine and shared his feedback.

"We are lined up with many skill training programs in the future. For which NIT Srinagar has already submitted a proposal on welding training module to skill development mission of J&K, hope it will be approved soon," he said.

Dr. Saad also expressed his gratitude to NIT Srinagar Director Prof. Sehgal, Registrar Prof. Bukhari, Dean R&C Prof. MF Wani for their support in making the event successful.

HOD Mechanical Engineering Department and Convener of the workshop, Prof. Nazeer Ahmad Sheikh said the department is growing to new heights with many activities and research activities.

He said the main focus of this workshop were young potential researchers and innovators, to expose them to CNC technologies. Spending their quality time in premier institutions like NIT will empower them for best practices, Prof. Sheikh.

Earlier the event began with the welcome address by Dr. Noor Zaman Khan who welcomed the dignitaries, participants, and resource persons.

## NIT Srinagar's IIED Centre launches MSME Idea Hackathon-2022

*'It is a proud movement that our institution is HI for MSME Idea Hackathon in J&K': Prof. Sehgal*

### NIT Srinagar's IIED Centre launches MSME Idea Hackathon-2022

'It is a proud movement that our institution has been selected as host institute for MSME Idea Hackathon in J&K': Prof. Sehgal

**SRINAGAR:** National Institute of Technology (NIT) Srinagar's Innovation Incubation and Entrepreneurship Development (IIED) Centre on Thursday launched MSME's Idea Hackathon-2022 to invite ideas from innovators and students till March 24, 2022.

Director NIT Srinagar, Prof. Rakesh Sehgal said the prime objective of the scheme is to promote and support untapped creativity of individuals. It will also promote the adoption of latest technologies in manufacturing as well as knowledge-based innovative MSMEs, he said.

Prof. Sehgal said it is a proud movement that NIT Srinagar is the host institution for MSME Idea Hackathon-2022 in J&K and incubatees' selected ideas will be provided funding support up to Rs. 15 lakhs per approved idea, to develop a prototype, he said.

Institute's Registrar, Prof. Syed

Kaiser Bukhari said Idea Hackathon is the endeavour of the Ministry of MSME to enable MSMEs to put on their thinking caps. "To create innovative solutions while looking out for local solutions to the local problems, that could be the generation leap country's needs, to transform its social, cultural and economic ecosystem into a world leader," he said.

Head IIED Centre, Professor

Saad Parvez said ideas in 'MSME Idea Hackathon 2022' are being invited from idea generators, students with great ideas, Innovators and MSMEs from all over J&K and incubatees' selected ideas will be provided funding support up to Rs. 15 lakhs per approved idea.

He said mind to market is a journey for all start-ups and entrepreneurs. The IIED Centre is implementing Ministry of MSME initiatives for mentoring and supporting students, entrepreneurs, idea generators, innovators and local MSMEs (unit holders), to develop their ideas, establish economic units and enterprises for economic augmentation, Prof. Saad said.

He said earlier during the first phase, the institute had supported two ideas under incubation scheme and five ideas under design expertise scheme.

Prof. Saad said recently minis-

try of MSME has opened the second phase of Idea Hackathon-2022 under a modified scheme called "Champion Scheme" wherein any individual or MSME can apply for grants under incubation, design and IPR schemes.

"The main objective of the scheme is to promote and support untapped creativity of individual and MSMEs to promote adoption of latest technologies in manufacturing as well as knowledge-based innovative MSMEs," he said.

Prof. Saad Parvez said any person as an individual or as MSME, having innovative ideas are eligible to avail the benefits of this scheme. The person should have an innovative and implementable idea which after converting into a prototype can further be converted into business activity. The person is being called Incubatee and there is no qualification bar to become incubatee, he said.

## NIT Srinagar's IIED Centre launches MSME Idea Hackathon-2022

**Srinagar, Mar 16:** National Institute of Technology (NIT) Srinagar's Innovation Incubation and Entrepreneurship Development (IIED) Centre on Thursday launched MSME's Idea Hackathon-2022 to invite ideas from innovators and students till March 24, 2022.

Director NIT Srinagar, Prof. Rakesh Sehgal said the prime objective of the scheme is to promote and support untapped creativity of individuals. It will also promote the adoption of latest technologies in manufacturing as well as knowledge-based innovative MSMEs, he said.

Prof. Sehgal said it is a proud movement that NIT Srinagar is the host institution for MSME Idea Hackathon-2022 in J&K and incubatees' selected ideas will be provided funding support up to Rs. 15 lakhs per approved idea, to develop a prototype, he said.

Head IIED Centre, Professor Saad Parvez said ideas in 'MSME Idea Hackathon 2022' are being invited from idea generators, students with great ideas, Innovators and

MSMEs from all over J&K and incubatees' selected ideas will be provided funding support up to Rs. 15 lakhs per approved idea.

Prof. Saad said recently the ministry of MSME has opened the second phase of Idea Hackathon-2022 under a modified scheme called "Champion Scheme" wherein any individual or MSME can apply for grants under incubation, design and IPR schemes.

"The main objective of the scheme is to promote and support untapped creativity of individuals and MSMEs to promote adoption of latest technologies in manufacturing as well as knowledge-based innovative MSMEs," he said.

He further said NIT Srinagar has set up MSME (BI) in the campus and provides the space, equipment, lab and all the auxiliary support to the incubatee for nurture of his ideas for the business activities. Incubatees and eligible institutes of all states, UTs can take benefit of the scheme, he said.

As per the Ministry of MSME, financial support up to Rs. 15.00 lakh to HI for nurturing of an idea and this support will be given in two installments of 70% and 30%.

"Financial support up to Rs. 1.00 cr. to HI for procurement of plant and machinery for BI to strengthen their technology-related R&D activities. This support will be given in two installments of 50% each," it said.

Similarly, financial support up to Rs. 1.00 cr. to HI as Seed fund for converting deserving ideas into successful start-ups. The person (incubatee) should get attached with the HI for nurturing of his or her idea in a Business incubator (BI) being set up by HI.

"Financial support for all activities will be given to HI only and no funds can be transferred to the incubatees account. Incubatee can get support from BI on all issues related to technology, innovation, mentor, plant & machinery required for nurturing of ideas," he said.

## Workshop on 'Dassault Simulia' software learning program concludes at NIT Srinagar

### Workshop on 'Dassault Simulia' software learning program concludes at NIT Srinagar

**SRINAGAR, MAR 17:** A three-day-long workshop on Dassault Simulia (ABAQUS, ISIGHT, TOSCA, FE-Analysis) Software learning program concluded on Thursday at Mechanical Engineering Department, National Institute of Technology (NIT), Srinagar.

The workshop was headed by Prof. Nazir Ahmad Sheikh, HOD, Mechanical Engineering Department, while Dr. M. Mursaleen was the coordinator of the three-day-long event.

The valedictory session of the workshop was presided over by the Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, was the chief guest on the occasion.

He said conducting workshops on relevant themes is the need of the hour. NIT Srinagar will act as a platform for providing relevant knowledge to people who are involved in research activities.

He also expressed his gratitude to HOD Mechanical Engineering Department Prof. Nazir Ahmad Sheikh and the entire team of the department for organizing a successful workshop.

Institute's Registrar, Prof. Syed Kaiser Bukhari said all sessions of the workshop were an eye-opener for all participants and NIT Srinagar will be organizing such workshops in the future also so that students can get benefited from these initiatives.

On the occasion, HOD Mechanical

Engineering Department, Prof. Nazir Ahmad Sheikh expressed his gratitude to Director NIT Srinagar, resource persons, and all participants for making the event successful.

He said the training workshop proved beneficial to many research scholars from the Institute, who are working on simulation in various fields of engineering topics such as Mr. Ali Imran Ansari is working on bone scaffold simulation for biomedical purposes and Mr. Avinas who is working on metallic foam simulation.

The software training program sessions were delivered by Dr. Varun Sharma from EDS Technologies as a SIMULIA Consultant.

He is the recipient of Marie Skłodowska – Curie Actions and OEAD International Mobility Fellowship and has more than 6 years of R&D experience in the field of

FEA.

Dr. Sharma has conducted R&D for Tata Steel, Ijmuiden, the Netherlands in identifying the best refractory material for the blast furnace. He has carried out independent research of pore size distribution and void ratio (Geomechanics).

He has performed experiments to check infiltration behavior and high-and-low temperature experiments in FH – Jena, Germany. He has done his Masters from the University of Applied Sciences, Jena, Germany.

During the event, the participants were appraised that 'Dassault Unified' FEA product suite offers powerful and complete solutions for both routine and sophisticated engineering problems.

The speakers stated that software covers a vast spectrum of industrial applications. For example, in the automotive industry engineering work groups can consider full vehicle loads, dynamic vibration, multi-body systems, impact, crash, nonlinear static, thermal coupling, and acoustic-structural coupling using a common model data structure and integrated solver technology.

"Best-in-class companies are taking advantage of Dassault Unified FEA to consolidate their processes and tools, reduce costs and inefficiencies, and gain a competitive advantage," he said.

Director NIT Srinagar, Registrar extended greetings to students

**Srinagar, Mar 18:** A topper among 110 students of National Institute Technology (NIT) Srinagar have qualified GATE exam 2022 (Graduate Aptitude Test for Engineering) of which results were declared on Thursday.

Mohit Patidar, a B.Tech student from the Metallurgical and Materials Engineering (MME) Department has secured all India first rank (AIR-1) in GATE 2022 and has brought laurels to the entire NIT Srinagar family.

Ayush Kumar Mall from Information Technology (IT) Department secured AIR-94 whereas Maasil Ahmad Wani from Electronics and Com-

munications Engineering (ECE) secured AIR-255.

Aman Kumar Meena from Chemical Engineering (CE) department obtained AIR-147 and Vishal Ballavadiya from Mechanical Engineering (ME) Department got AIR-191.

Mohammad Sahil Hussain,

Ashutosh Kumar Yadav, and Himanshu Singh Singholiya from MME department had also secured AIR-74, AIR-102, and AIR-174 respectively.

The qualified students comprise 28 students of Civil Engineering, 21 in Electrical Engineering, 16 from the Electronics and Communications Department.

14 in Mechanical Engineering, 10 of Chemical Engineering Department, 8 from Information Technology, 7 from Metallurgical and Materials Engineering Department, and two students from Computer Science and Engineering Departments have qualified the GATE exams.

Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal extended

warm greetings to the qualifiers and congratulated them for qualifying prestigious GATE exam.

"The faculty in NIT is working for the students. They will not leave any stone unturned for the overall development of students. It is a proud movement for the NIT Srinagar and we will continue this dedication in future also," he said.

"Despite COVID-19 challenges, NIT Srinagar did not allow students to suffer academically. We taught students online as well as offline classes," he said.

Registrar NIT Srinagar, Prof. Kaiser Bukhari also extended warm greetings to GATE qualifiers and urged them to work

hard to achieve success.

Earlier Department of Training and Placement, NIT Srinagar had organized GATE 2022 coaching classes for final and pre-final year students (2018 and 2019 admitted batches).

Head, Department of Training and Placements, Dr. Obbu Chandrasekhar, congratulated the whole NIT Srinagar fraternity, especially the qualifying students on their momentous achievement.

He also expressed his gratitude to Director NIT Srinagar, Prof. Sehgal for his constant support and also thanked Prof. M.F. Wani, TEQIP-III Coordinator for providing the necessary funds to engage the GATE coaching classes for students.

# Topper among 110 students from NIT Srinagar qualify GATE exam

**Srinagar, Mar 18:** A topper among 110 students of National Institute of Technology (NIT) Srinagar have qualified GATE exam 2022 (Graduate Aptitude Test in Engineering) of which results were declared on Thursday. Mohit Pandey, a B.Tech student from the Metallurgical and Materials Engineering (MME) Department has secured All India first rank (AIR-1) in GATE 2022 and has brought laurels to the entire NIT Srinagar family.

Ayush Kumar Mehta from Chemical Engineering (CE) department obtained AIR-147 and Vishal Ballavadiya from Mechanical Engineering (ME) Department got AIR-191.

Mohammad Sahil Hussain, Ashwath Kumar Yadav, and Himanshu Singh Singhal from MME department had also secured AIR-74, AIR-102, and AIR-174 respectively.

The qualified students comprise 28 students of Civil Engineering, 21 in Electrical Engineering, 16 from the Electronics and Communication Department.

14 in Mechanical Engineering, 10 of Chemical Engineering Department, 8 from Information Technology, 7 from Metallurgical and Materials Engineering Department, and two students from Computer Science and Engineering Departments have qualified the GATE exams.

Director NIT Srinagar, Prof. (Dr.) Rakesh

Sehgal extended warm greetings to the qualifiers and congratulated them for qualifying prestigious GATE exam.

"The faculty in NIT is working for the students. They will not leave any stone unturned for the overall development of students. It is a proud movement for the

NIT Srinagar and we will continue this dedication in future also," he said.

Prof. Sehgal urged students to make the best possible use of available resources. He also appreciated the tireless effort of faculty members including Dr. Oshu Chandrasekhar, Head, Department of Training and Placements for organized GATE 2022 coaching classes.

"Despite COVID-19 challenges, NIT Srinagar did not allow students to suffer academically. We taught students online as well as offline classes," he said.

Registrar NIT Srinagar, Prof. Kaiser Bakhari also extended warm greetings to GATE qualifiers and urged them to work hard to achieve success.

"It is a proud movement for the institute. There is no second option to hard work. I advise them to serve the society diligently and selflessly," he said.

Earlier Department of Training and Placements, NIT Srinagar had organized GATE-2022 coaching classes for final and pre-final year students (2018 and 2019 admitted batches).

Head, Department of Training and Placements, Dr. Oshu Chandrasekhar, congratulated the whole NIT Srinagar fraternity especially the qualifying students on their momentous achievement.

He also expressed his gratitude to Director NIT Srinagar, Prof. Sehgal for his constant support and also thanked Prof. M.F. Wani, TRQP-II Coordinator for providing the necessary funds to engage the GATE coaching classes for students.

Dr. Oshu Chandrasekhar said 180 students from NIT Srinagar had registered for GATE coaching classes and promised that they would continue to guide and nurture students for better results in upcoming years.

On Thursday, The Indian Institute of Technology (IIT) released the result for the 'A' rank of 11 for gate 2022.

Among those 11, 10 are men. As many as 98,122 male students cleared GATE 2022 and 2888 female students the exam.

# Topper among 110 students from NIT Srinagar qualify GATE exam

BK News Service

**Srinagar, Mar 18:** A topper among 110 students of National Institute of Technology (NIT) Srinagar have qualified GATE exam 2022 (Graduate Aptitude Test in Engineering) of which results were declared on Thursday.

Mohit Pandey, a B.Tech student from the Metallurgical and Materials Engineering (MME) Department has secured All India first rank (AIR-1) in GATE 2022 and has brought laurels to the entire NIT Srinagar family.

Ayush Kumar Mehta from Chemical Engineering (CE) department obtained AIR-147 and Vishal Ballavadiya from Mechanical Engineering (ME) Department got AIR-191.

Mohammad Sahil Hussain, Ashwath Kumar Yadav, and Himanshu Singh Singhal from MME department had also secured AIR-74, AIR-102, and AIR-174 respectively.

The qualified students comprise 28 students of Civil Engineering, 21 in Electrical Engineering, 16 from the Electronics and Communication Department.

14 in Mechanical Engineering, 10 of Chemical Engineering Department, 8 from Information Technology, 7 from Metallurgical and Materials Engineering Department, and two students from Computer Science and Engineering Departments have qualified the GATE exams.

Director NIT Srinagar, Prof. (Dr.) Rakesh

Sehgal extended warm greetings to the qualifiers and congratulated them for qualifying prestigious GATE exam.

"The faculty in NIT is working for the students. They will not leave any stone unturned for the overall development of students. It is a proud movement for the

NIT Srinagar and we will continue this dedication in future also," he said.

Prof. Sehgal urged students to make the best possible use of available resources. He also appreciated the tireless effort of faculty members including Dr. Oshu Chandrasekhar, Head, Department of Training and Placements for organized GATE 2022 coaching classes.

"Despite COVID-19 challenges, NIT Srinagar did not allow students to suffer academically. We taught students online as well as offline classes," he said.

Registrar NIT Srinagar, Prof. Kaiser Bakhari also extended warm greetings to GATE qualifiers and urged them to work hard to achieve success.

"It is a proud movement for the institute. There is no second option to hard work. I advise them to serve the society diligently and selflessly," he said.

Earlier Department of Training and Placements, NIT Srinagar had organized GATE-2022 coaching classes for final and pre-final year students (2018 and 2019 admitted batches).

Head, Department of Training and Placements, Dr. Oshu Chandrasekhar, congratulated the whole NIT Srinagar fraternity especially the qualifying students on their momentous achievement.

He also expressed his gratitude to Director NIT Srinagar, Prof. Sehgal for his constant support and also thanked Prof. M.F. Wani, TRQP-II Coordinator for providing the necessary funds to engage the GATE coaching classes for students.

Dr. Oshu Chandrasekhar said 180 students from NIT Srinagar had registered for GATE coaching classes and promised that they would continue to guide and nurture students for better results in upcoming years.

On Thursday, The Indian Institute of Technology (IIT) Srinagar released the result for the GATE 2022.

A total of 1,11,566 candidates had appeared for gate 2022 of which 1,16,493 have qualified. Among those who cleared the exam, most are men. As many as 98,122 male students cleared GATE 2022 and 2888 females cleared the exam.

बग किसी कंप्यूटर प्रोग्राम, सॉफ्टवेयर, हार्डवेयर या सिस्टम में कोडिंग इरर या खराबी आना होता है, जिसकी वजह से गलत या अन अपेक्षित परिणाम सामने आता है। इस खराबी को डेवलपमेंट टीम द्वारा बग के नाम से जाना जाता है।

के लिए तबरेज आलम की प्रशंसा की है। उन्होंने दूरभाष पर बताया कि यहाँ विशेष रूप से प्रौद्योगिकी के क्षेत्र में प्रतिभाओं की कोई कमी नहीं है। लेकिन, ऐसे छात्रों को उच्च स्तर पर पोषण व उत्कृष्टता प्राप्त करने के लिए जीवंत मंच प्रदान करने की जरूरत है।

## NIT Srinagar's student detects bug in Mobikwik payment application

SO NEWS DESK

**SRINAGAR** - Tabrez Alam, a 6th-semester student of the Department of Information Technology, National Institute of Technology (NIT) Srinagar has detected a bug in Mobikwik-a prominent phone-payment and digital wallet application.

Hailing from Dhaka Champaran district of Bihar, Tabrez claimed that Mobikwik is facing huge losses worth crores from online shopping websites including Oppo, Realme, Xiaomi, Samsung, Lenovo, Reliance Digital done by

Mobikwik.

"I have identified an error/bug in the shopping transaction through Mobikwik from all the above companies, due to which the companies can lose crores of rupees. Even I myself have saved up to 30 thousand rupees," he said.

After identifying the bug, Tabrez informed the Mobikwik Company, there was a conversation with the company's security department through call and email, in which the company has requested to share the proof of this bug.

"I am in touch with the compa-

ny and rest details will be shared later," he said.

Tabrez said it is a very critical bug because it can cause the loss of Crores of rupees in an hour to the company, so some things have been kept confidential.

Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal praised the Tabrez Alam for helping the giant company from further losses.

"There is no dearth of talent here, especially in the field of technology, but there is a need to provide a vibrant platform for such students to nurture and excel at a higher level," he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari also praised the efforts of Tabrez in detecting the bug and urged him to work hard to accelerate in the IT field.

MobiKwik is an Indian payment service provider founded in 2009 that provides a mobile phone-based payment system and digital wallet. Customers add money to an online wallet that can be used for payments.

As per official data, in November 2016, the company reported having 1.5 million merchants using its service and a user base of 55 million customers.

After identifying the bug, Tabrez informed the Mobikwik Company, there was a conversation with the company's security department through call and email, in which the company has requested to share the proof of this bug.

"I am in touch with the company and rest details will be shared later," he said.

Tabrez said it is a very critical bug because it can cause the loss of Crores of rupees in an hour to the company, so some things have been

kept confidential.  
Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal praised the Tabrez

Alam for helping the giant company from further losses.  
"There is no dearth of talent

here, especially in the field of technology, but there is a need to provide a vibrant platform for such

students to nurture and excel at a higher level," he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari also praised the efforts of Tabrez in detecting the bug and urged him to work hard to accelerate in the IT field.

Mobikwik is an Indian payment service provider founded in 2009 that provides a mobile phone-based payment system and digital wallet. Customers add money to an online wallet that can be used for payments.

As per official data, in November 2016, the company reported having 1.5 million merchants using its service and a user base of 55 million customers

## कुछ अलग | श्रीनगर में छठे सेमेस्टर का छात्र है ढाका का तबरेज, एनआईटी, बग के कारण ऑनलाइन शॉपिंग में करोड़ों के नुकसान का था खतरा

# ढाका के तबरेज ने डिजिटल पेमेंट एप में खोजा बग

**हि एक्सप्लूजिव**

राजेश कुमार

**सिक्खना**। पूर्वी चम्पारण निवासी एनआईटी, श्रीनगर के छठे सेमेस्टर के छात्र तबरेज आलम ने एक डिजिटल पेमेंट एप में एक बग का पता लगाया है। तबरेज ने तीन महीने के रिसर्च के बाद डिजिटल पेमेंट एप कंपनी को इसकी जानकारी दी। तबरेज ढाका प्रखंड के रामजी दुबे टोला गांव निवासी मो. सनाउल्लाह अंसारी के पुत्र हैं।

उन्होंने ढाका किया कि इस बग के कारण डिजिटल पेमेंट एप द्वारा किए गए विभिन्न कंपनियों के मोबाइल सहित अन्य ऑनलाइन शॉपिंग से भारी नुकसान हो रहा है। इसका समाधान नहीं किया गया तो

**30 हजार रुपये की खुद**  
**03 महीनों से रिसर्च के बाद**  
**16 मार्च को हुआ कंपर्म**

**एप कंपनी ने तबरेज से किया संपर्क, मांगा व्योरा**

कंपनियों को करोड़ों रुपये का नुकसान आगे भी होता रहेगा। यहाँ तक कि उन्होंने खुद भी 30 हजार रुपये बचत की है। बग की पहचान होने पर कंपनी को दी जानकारी: बग की पहचान के बाद तबरेज ने

उक्त डिजिटल पेमेंट एप कंपनी को जानकारी दी। कंपनी के सुरक्षा विभाग से कॉल व ईमेल के जरिए बातचीत हुई, जिसमें कंपनी ने इस बग का सबूत साझा करने का अनुरोध किया। तबरेज ने कहा कि यह बहुत ही गंभीर बग है क्योंकि इससे कंपनी को एक घंटे में करोड़ों रुपये का नुकसान हो सकता है, इसलिए कुछ कार्यों को मोपनीय रखा गया है। उन्होंने बताया कि वे करीब तीन महीनों से इस पर रिसर्च कर रहे थे लेकिन वे 16 मार्च को इस पर कंपर्म हो गए। खास बात यह कि इस बग का समाधान भी

उन्होंने ढूँढ़ निकाला है। क्या होता है बग: बग किसी कंप्यूटर प्रोग्राम, सॉफ्टवेयर, हार्डवेयर या सिस्टम में कोई बग या खराबी आना होता है, जिसकी वजह से गलत या अन अपेक्षित परिणाम सामने आता है। इस खराबी को डिजिटल पेमेंट टीम द्वारा बग के नाम से जाना जाता है। कहते हैं एनआईटी के निदेशक: एनआईटी, श्रीनगर के निदेशक प्रो. (डॉ.) रफिक साहगल ने कंपनी को और नुकसान से बचाने में मदद करने के लिए तबरेज आलम की प्रशंसा की है।

## Startup Move Beyond organizes first-ever academia meet on Career Counselling at NIT Srinagar

*There is no dearth of talent among students but they need proper guidance, counselling: Director NIT*

## Startup Move Beyond organizes academia meet on Career Counselling at NIT

**Srinagar, March 20:** Startup Move Beyond- A Career Counselling School organized one-day awareness cum brainstorming workshop on 'Formulation of a comprehensive career index tool' at National Institute of Technology (NIT) Srinagar.

The event was sponsored by J&K Science Technology and Innovation Council.

Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal was the chief guest on the occasion. "There is no dearth of talent among students but they need proper guidance, counselling at right time to enhance and encourage their capabilities," he said.

Prof. Sehgal said there used to be very limited options in the past and today there are huge career avenues.

"The intervention of Move Beyond is apt and timely as there is a need to counsel the students for choosing a particular career path," he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari appreciated the Move Beyond team for conducting a workshop on a relevant topic.

"Career Counselling helps students

to understand their own strengths and weaknesses with regard to their present course or profession," he said.

Head IIEDC, NIT Srinagar, Prof. Saad Parvez, in his welcome address men-

tioned the initiatives IIEDC has taken to promote the innovative and start-up culture in the valley.

He also thanked the institutional representatives for extending cooperation to International Youth Outreach and Employability Program run by Start-up Move Beyond and IIEDC NIT Srinagar jointly.

Prof. Geer Mohammad Ishaq, Director Career Counselling and Planning Centre, University of Kashmir was the Guest of Honour.

In his keynote address, he said that the process of career development starts from the day when a child is born. "The beliefs, values, circumstances and upbringing influence the career decision one makes at some point in time," Prof. Ishaq said.

Head Internal Communication and Knowledge Management, J&K Bank, Sajjad Bazaz spoke about challenging circumstances in the valley and their impact on the present generation.

He emphasized the importance of understanding the youth of J&K deeply before going for any counselling services.

Chairperson Ehsaas International, Syed Tabassum Geelani highlighted the importance of being in the profession of choice rather than chance.

He also mentioned the social taboo in pursuing certain career interests and warned that if it continues, it can lead to the crisis of many skilled professionals in the UT of J&K.

"The main objective of the workshop was to have constructive feedback, criticism and evaluation on the proposed innovative career indexing tool from different experts in the valley like research scholars, social scientists, economists, psychologists, educationists, academicians, professors, teachers, social workers, students, et cetera," he said.

This year, Startup Move Beyond signed an MoU with IIEDC, NIT for leading holistic development of the UT of J&K particularly youth outreach and employability.

Move Beyond has recently launched its exclusive online educational series Career Chat. It aims to connect the young students of J&K with eminent career achievers across the globe.

## TEDx NIT Srinagar organizes mini talk competition at IUST

*'Such events inspire students to accelerate in their careers': Director*

### TEDx NIT Srinagar organizes mini talk competition at IUST

*'Such events inspire students to accelerate in their careers': Director*

Srinagar, Mar 25: TEDx National Institute of Technology (NIT) Srinagar on Thursday organized a mini TEDx talk competition at Islamic University of Science and Technology, (IUST) Awantipora.

The Department of Training and Placement NIT Srinagar was the host of the event. While event was attended by hundreds of students from IUST and dozens presented their Mini TEDx Talks on various topics.

In his message, Director NIT Prof. (Dr.) Rakesh Sehgal said such events inspire the students to accelerate in their careers, fields and are important for their all-round development.

Prof. Sehgal appreciated the Head Training & Placement Department, Dr. Obbu Chandra, and his entire team for making the event a grand

success.

Institute's Registrar, Prof. Syed Kaiser Bukhari said motivational talks help students to believe in themselves and empower their confidence. It is always essential for students to stay motivated and have faith in themselves, he said.

The mega event was attended by officials from NIT Srinagar, IUST, Resonance Eduventures and Chanakya IAS Academy. The Jury panel consisted of Dr Tahir Wani, Asst. Professor, Dr Rafiq Ahmad

Teli, Assistant Professor from HSS&M, NIT Srinagar, Ms Sana Javed and Charanjeet Kour - Counsellor from Chanakya IAS Academy.

Syed Agha Hadi Riza, Curator TEDx NIT Srinagar in his opening remarks talked about the TEDx event and stated that it is going to be a path breaker for Kashmir, as this event is going to bring reputed national level speakers to the valley. "Such events would help our students to get a world-class experience. I am also thankful to The Broadway Group, Resonance Eduventures, Chanakya IAS Academy, Web Cycle & WHSS for supporting TED's mission of sharing ideas worth spreading," Syed Agha Hadi Riza said. He also informed this year, a TEDx Conference named TEDxNITSrinagar is being orga-

nized at NIT Srinagar on 28th May 2022, where eminent personalities from various fields will combine to spark deep discussions and connections.

TEDx NIT Srinagar is conducting Mini TEDx Talks in all major Institutions of the Kashmir Region, in which students would give a TED Talk (4-5 minute Speech) on any topic at their institute level and 2 winners selected from each Institute will then be invited for a state-level competition at NIT Srinagar. The top 50 Students selected from the State Level Competition will then be invited to witness TEDxNITSrinagar and experience TEDx. Several top officials from IUST including Prof. Ayaz Hassan Moon - Dean School of Engineering & Technology, Prof. Lily Want - Director Averroes Centre for

Philosophical Studies, Prof. Shabir Ahmad Bhat - Professor - Department of Management Studies and Dr. Anisa Jan, Dean of Students Affairs also graced the event with their presence.

Ms Sana Javed from Chanakya IAS Academy also gave a career counselling talk to the students of IUST. She also talked about various career paths students can choose, and how one has to make smart decisions at the right time to succeed in life.

These mini-ted events are being organised in order to provide the students with the world-class experience of TED, through these events TEDxNITSrinagar team will be identifying the brightest minds of our valley, who will be invited to witness the TEDxNITSrinagar event.

## NIT Srinagar celebrates World Theatre Day

ACC stages Shakespeare's tragic play, Macbeth

**Srinagar, Mar 27:** The Art and Culture Club of National Institute of Technology (NIT), Srinagar Sunday celebrated 'World Theatre Day' with the live stage performance of Shakespeare's tragic play, Macbeth.

The event was conducted by Dr. Nasir F. Butt, convener, and coordinator of the Art and Culture Club. The event was presided over by the Director, NIT Srinagar Prof. (Dr.) Rakesh Sehgal as a chief guest.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari, Dean Student's Welfare and Head Dept. Of HSS&M, Prof. Abdul Liman were special guests for the event, along with other Professors and faculty.

The event began with presenting of tokens of respect (Bookie) to Prof. Sehgal, Prof. Bukhari, and Prof. Liman by Dr. Nasir F Butt, organizer of the event.

On the occasion, Director NIT Srinagar Prof. Sehgal congratulated and appreciated the efforts of Dr. Nasir F Butt and the organizing team of the Club for conducting such events which had been a rarity in the institute for about a decade.

"This day is celebrated to promote awareness regarding the significance of theatrical arts and how they have played an essential role in the area of fun," he said.

Prof. Sehgal said promised that apart from administrative, financial support will be provided to buy new equipment for Art and Culture Club.

"After completion of the new auditorium block, there will be a special gallery for

art and culture activities," Prof. Sehgal said.

Institute's Registrar, Prof. Syed Kaiser Bukhari said theatre is one of the most popular forms of art that depicts culture, a tradition that exists around the world.

"The significance of this day is to raise awareness regarding the importance of theatre and to know the importance of theatre around the world," he said.

Prof. Liman, Dean Student Welfare appreciated the efforts and passion of the students who displayed their talent at the event.

He also promised every possible assistance to students that would be required to hone their skills along with their academic activities.

Dr. Nasir F. Butt said the theatrical performance of 'Macbeth' proved a great success with a huge houseful crowd of spectators which were the students, faculty, and other administrative staff of the institution.

"The theater was performed by the B.Tech students of various branches of NIT Srinagar. It proved a great success and we will be holding such events in future also, he said.

A formal vote of thanks was presented by Dr. Nasir F. Butt. He expressed his gratitude to Director NIT Srinagar, students, and participants for making the event a grand success.

**Srinagar, Mar 28:** The Institutions Innovation Council (IIC) in collaboration with the Tervu-Design Thinking Club of National Institute of Technology (NIT) Srinagar on Monday organized an awareness workshop on patent filing and start-up.

Dean Research & Consultancy NIT Trichy Prof. S. Mahalingam was the chief guest and main speaker for the event.

The session began with the inaugural address of Dr. Dinesh Kumar R, Convener IIC and faculty advisor of Tervu Club. He welcomed dignitaries, guests, and participants to the workshop.

In his expert talk, Prof. S. Mahalingam explained a thorough idea and steps involved in filing a patent and hence the significance of claiming an invention to your name.

He gave many life examples as well as that of many industries and brands ranging from Coca-Cola to Tesla as to how their innovations have changed the world and are shaping the future.

Prof. Mahalingam also answered many of the questions that were raised by the audience and shared their doubts regarding patents and how the process takes place.

Srinagar: The Institutions Innovation Council (IIC) in collaboration with the Torus-Design Thinking Club of National Institute of Technology (NIT) Srinagar on Monday organized an awareness workshop on patent filing and start-up.

Dean Research & Consultancy, NIT Trichy Prof. S. Muthukumaran was the chief guest and main speaker for the event.

The session began with the inaugural address of Dr. Dinesh Kumar R, Convenor IIC and faculty advisor of Torus Club. He welcomed dignitaries, guests, and participants to the workshop.

In his expert talk, Prof. S. Muthukumaran explained a thorough idea and steps involved in filing a patent and hence the significance of claiming an invention to your name.

He gave many life examples as well as that of many industries and brands ranging from Coca-Cola to Tesla as to how their innovations have changed the world and are shaping the future.

Prof. Muthukumaran also answered many of the questions that were raised by the attendees and cleared their doubts regarding patents and how the process takes place.

On the occasion, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal said the patent filing is important and provides its owner with the right to exclude others from exploiting the patented technology, including, for example, making, using, or selling the patented invention.

"The 'exclusive right' enables the patent owner to recoup development costs and obtain a return of investment in the development of the patented technology," he said.

Prof. Sehgal also briefed students about 'why start-ups and innovations are important and urged students to "bring their ideas to reality through the use of technology and knowledge".

Dean Research & Consultancy, NIT Srinagar, Prof. M. F Wani explained that the entrepreneurial society in India is growing and that it is a golden time to get forward in the race of start-ups and enterprises. "No country can survive without development and for development innovations are a necessity," he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari said patents provide incentives to individuals; in particular, the inventors deserve recognition for their creativity and material reward for their marketable inventions.

"The incentives encourage innovation, which ensures that the quality of human life is enhanced," he said. Dr. Dinesh briefed about the IIC and Torus calendar activity throughout the year 2022.

*Both publications will send a positive signal across academia sections: Director*

*First time Kashmiri section was also included in the magazine: Prof. Harmain*

## NIT Srinagar releases annual magazine 'Sabzar', newsletter 'The Pulse'

**Srinagar, Mar 29:** The National Institute of Technology (NIT) Srinagar on Tuesday released its annual magazine, 'Sabzar' and the Institute's newsletter 'The Pulse,' for the academic session 2020-21.

The function was presided over by Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal, Registrar Prof. Syed Kaiser Bukhari, Editor-in-Chief of Sabzar, Prof. GA Harmain, Associate editors Dr. Jaya Shrivastava, Dr. Ravi Bhushan, Pulse editor, Dr. Gusaia Qazi, Deans, HoDs and student editorial members attended the function.

On the occasion, Director NIT Srinagar, Prof. Sehgal said Sabzar magazine is a symbol of optimism the In-

stitute has maintained while overcoming the challenges. The fresh ideas shared by members mirror the variegated copying mechanisms adopted in all spheres of life in these challenging times, he said.

"The 2020-21 issue of the magazine reflects the active engagement of students, faculty, and other members of NIT Srinagar in academic and non-academic activities while adopting a blend of online, offline modes of participation," he said.

Regarding the newsletter, Prof. Sehgal said 'The Pulse' bears with academic, research, and co-curricular activities carried by the fraternity and it also reflects all accomplishments

achieved in a previous academic year.

"I am confident that this issue will send a positive signal across academia and encourage the faculty, students to continue in their endeavors," he said.

Prof. Sehgal appreciated the hard work put in by the editorial team under the guidance of Prof. (Dr.) G A

Harmain (Editor-in-Chief of Sabzar and The Pulse)) for collecting fresh ideas and giving them a novel shape for the readers to enjoy.

Institute's Registrar, Prof. Syed Kaiser Bukhari extended his greetings to students and staff of NIT Srinagar who have taken the initiative and contributed to latest editions of both 'Sabzar' and 'The Pulse' publications.

"Sabzar magazine has a rich heritage of showcasing the talent spectrum inside the college and our Institute has a very diverse set of students, faculty who come from all parts of the country. Their versatile inheritance and diverse backgrounds are strength of our Institute," he said.

## NIT Srinagar releases annual magazine 'Sabzar', newsletter 'The Pulse'

**Both publications will send a positive signal across academia sections: Director**

**First time Kashmiri section was also included in the magazine: Prof. Harmain**

**Srinagar, Mar 29:** The National Institute of Technology (NIT) Srinagar on Tuesday released its annual magazine, 'Sabzar' and the Institute's newsletter 'The Pulse,' for the academic session 2020-21.

The function was presided over by Director NIT Srinagar Prof. (Dr.) Rakesh Sehgal, Registrar Prof. Syed Kaiser Bukhari, Editor-in-Chief of Sabzar, Prof. GA Harmain, editorial board members, Prof. Aijaz Ahmad and Prof. Babar Ahmad: Associate editors Dr. Jaya Shrivastava, Dr. Ravi Bhushan, Pulse editor, Dr. Gusaia Qazi, Deans, HoDs and student editorial members attended the function.

On the occasion, Director NIT Srinagar, Prof. Sehgal said Sabzar magazine is a symbol of optimism the Institute has maintained while overcoming the challenges. The fresh ideas shared by members mirror the variegated copying mechanisms adopted in all spheres of life in these challenging times, he said.

"The 2020-21 issue of the magazine reflects the active engagement of students, faculty, and other members of NIT Srinagar in academic and non-academic activities while adopting a blend of online, offline modes of participation," he said.

Regarding the newsletter, Prof. Sehgal said 'The Pulse' bears with academic, research, and co-curricular activities carried by the fraternity and it also reflects all accomplishments achieved in a previous academic year.

"I am confident that this issue will send a positive signal across academia and encourage the faculty, students to continue in their endeavors," he said.

Prof. Sehgal appreciated the hard work put in by the editorial team under the guidance of Prof. (Dr.) G A Harmain (Editor-in-Chief of Sabzar and The Pulse) for collecting fresh ideas and giving them a novel shape for the readers to enjoy.

Institute's Registrar, Prof. Syed Kaiser Bukhari extended his greetings to students and staff of NIT Srinagar who have taken the initiative and contributed to latest editions of both 'Sabzar' and 'The Pulse' publications.

"Sabzar magazine has a rich heritage of showcasing the talent spectrum inside the college and our Institute has a very diverse set of students, faculty who come from all parts of the country. Their versatile inheritance and diverse backgrounds are strength of our Institute," he said.

Prof. Bukhari thanked Director

NIT Srinagar, Prof. Sehgal for his encouragement and guidance in bringing out annual publications. He also congratulated the Editor-in-Chief of 'Sabzar' and 'The Pulse', Prof. GA Harmain, and his entire

editorial team for successfully bringing out fresh editions of magazine and newsletter in record time.

On the occasion, the Editor-in-Chief of 'Sabzar' and 'The Pulse', Prof.

GA Harmain said Sabzar in several languages connotes green. This name was coined for our magazine when people were yet to realize the importance of going green and benefits of green technologies for sustained living on earth, he said.

Prof. Harmain said Sabzar is a reminder to all of us of our responsibilities as engineers, innovators, and scientists to look towards greener ideas, technologies, and greener innovations.

"In this edition of Sabzar, there were four sections included English, Hindi, Urdu and Kashmiri and it is first time that Kashmiri section was also included in magazine. We have got a positive response from contributors and support from the entire NIT Srinagar family," he said.

Prof. Harmain expressed his gratitude to Dr. Jaya Shrivastava, Dr. Ravi Bhushan, Mr. Zehab and Mr. Syed Hadi. All of them displayed enormous willingness to cooperate at all stages of this mammoth work, he said.

Regarding The Pulse, Prof. Harmain said Pulse gives a feel of several activities of NIT Srinagar over the previous academic year in the areas of research, consultancy, and other spheres.

"This issue of Pulse proves

information regarding published articles, patents filed, sponsored projects, conferences organized or attended by faculty, and workshops held on the campus," he said.

Prof. Harmain also thanked energetic team of The Pulse including Dr. Gusaia Qazi and Mr. Mohd Zehab for their exemplary efforts in structuring the information for easy dissemination to the readers.

He expressed his gratitude to student editors including Syed Aga Hadi Riza and Mr. Mohd Zehab in formatting and arranging the articles. Mir Faizan, Hafeez Raza, Basar Qari, and Kamran Elyas also extended their support in getting photographs of different events of the college, which made the magazine more memorable, Prof. Harmain said.

Earlier Associate editors of Sabzar magazine, Dr. Jaya Shrivastava, Dr. Ravi Bhushan, and The Pulse editor, Dr. Gusaia Qazi expressed their gratitude to Director NIT, Registrar, and Editor-in-Chief of publications for rekindling hope and support to entire team.

They termed the release of annual publications as a great achievement for the entire Institute and stated that they are committed to serving the institution in future as well.

## NIT Srinagar releases annual magazine 'Sabzar', newsletter 'The Pulse'

### NEWS

SRINAGAR  
FRIDAY | 01-APR-2022

## NIT Srinagar hosts 3rd OLIC meeting

Special Hindi training sessions will be arranged for some officers of the Institute: Director

**SRINAGAR, MAR 31:** The Official Language Implementation Committee (OLIC) on Thursday held its quarterly meeting at the National Institute of Technology (NIT) Srinagar to review the progress report of Rajbhasha on the campus.

Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal who is Chairman of OLIC appreciated the work of OLIC members and stated that all things are being streamlined for implementation of the Rajbhasha on campus.

He said there is a need to promote and popularize the Hindi language among the people. The language has its own history and legacy.

In his message, Registrar NIT, Prof. Syed Kaiser Bukhari said all directions from the Official Language Implementation Committee (OLIC) are being followed in letter and spirit on the campus.

"The important circulars from the Institute will be sent to ministry in bilingual form so that Raj Bhasha will be implemented in a phased manner on the campus," he said.

In the meeting, the chair reviewed the last OLIC meeting points and instructed all members to complete the work jointly to implement Rajbhasha in a phased manner.

It was also decided that training sessions will be arranged for some officers of the Institute as per the rule of Dept. of official languages MHA. In which they will be given basic knowledge of the Hindi language, so they can read and write the language.

The work will be completed under the direction of Mr. Mohammad Iqbal Dar who is the Supervisor of Hindi Teaching, Rajbhasha Cell.

It was also discussed in the meeting that, in future, if there is a need to make any printing material including nameplates, rubber stamps, departmental boards, etc. in any department, a circular will be issued to make it bilingual (English, Hindi).

The members also discussed that efforts will be made the NIT Srinagar's website full bilingual for which a web designer will be appointed. Sufficient space and other necessary facilities

will be given to officers, employees of Rajbhasha Cell for handling Hindi work, it said.

The meeting was attended by all OLIC members including Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, Chairman OLIC,

## NIT Srinagar hosts 3rd OLIC meeting

*Special Hindi training sessions will be arranged for some officers of the Institute: Director*

SO NEWS DESK

SRINAGAR - The Official Language Implementation Committee (OLIC) on Thursday held its quarterly meeting at the National Institute of Technology (NIT) Srinagar to review the progress report of Rajbhasha on the campus.

Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal who is Chairman of

OLIC appreciated the work of OLIC members and stated that all things are being streamlined for implementation of the Rajbhasha on campus.

He said there is a need to promote and popularize the Hindi language among the people. The language has its own history and legacy.

In his message, Registrar NIT, Prof. Syed Kaiser Bukhari said all directions from the Official Language Implementation Committee (OLIC) are being followed in letter and spirit on the campus.

The important circulars from the Institute will be sent to ministry in bilingual form so that Raj Bhasha will be implemented in a phased manner

on the campus," he said.

In the meeting, the chair reviewed the last OLIC meeting points and instructed all members to complete the work jointly to implement Rajbhasha in a phased manner. It was also decided that training sessions will be arranged for some officers of the Institute as per the rule of Dept. of official languages MHA. In which they will be given basic knowledge of the Hindi language, so they can read and write the language.

The work will be completed under the direction of Mr. Mohammad Iqbal Dar who is the Supervisor of Hindi Teaching, Rajbhasha Cell.

It was also discussed in the meeting that, in future, if there is a need to make any printing material including nameplates, rubber stamps, departmental boards, etc. in any department, a circular will be issued to make it bilingual (English, Hindi).

The members also discussed that efforts will be made the NIT Srinagar's website full bilingual for which a web designer will be appointed. Sufficient space and other necessary facilities will be given to officers, employees of Rajbhasha Cell for handling Hindi work, it said. The meeting was attended by all OLIC members including Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal, Chairman OLIC, Prof. (Dr.) B.A. Mir (Dean P&D), Prof. (Dr.) A.Q. Dar (HOD, Civil Engineering), Prof. Kowsar (HOD Chemistry), Prof. (Dr.) B.A. Mir, Dr. Mohd. Abid Bazzaz (HOD, EE), Dr. Yeswant Mehta (HOD, MME), Dr. Mohd. Noor Salam Khan (HOD, Chemical Eng.), Prof. A.H. Bhat (Chairman, CSC), Prof. Syed Kaiser Bukhari (Registrar), Dr. Sribash Misra (SAS coordinator), Assistant Registrar, Mr. Mohd. Iqbal Dar who is a Hindi teaching supervisor attended the meeting. Hindi Officer and

Secretary of OLIC, Dr. Ravi Bhushan (EED), other coordinators including Dr. Brajesh Kumar (CHE), Dr. R.P. Shukla (Civil Eng.), Dr. Neeraj Gupta (Dept. of EE), Dr. Brajendra Singh Sengar (Dept. of E&C), Dr. H.S. Pali (Dept. of ME), Dr. Amrit Pal Singh (IT), Dr. Atendra Kumar (Maths), Dr. Nasir F.
