From The Director's Desk

National Institute of Technology Srinagar is the only technical institute of national importance in the state of Jammu & Kashmir and is one of the premier technical institute of India. The institute was one of the first eight Regional Engineering Colleges, established in 1960, by the Government of India. In 2003, the institute was converted to National Institute of Technology by the Ministry of Human Resource and Development, Government of India, as an institute of National Importance.

We have been imparting quality education since the inception of the institute by focusing on technical advancements and research. The institute offers B.Tech courses in eight different disciplines. Besides B.Tech courses, the institute offers M.Tech programmes and Ph.D programmes in all departments. MBA Courses in Marketing, HR, Operations, Finance and Data Analytics will also be started from this year. The students are admitted on the basis of JEE, DASA and GATE every year. Our faculty members are actively participating in National and International Conferences and Seminars, workshops and other related research activities.

It gives me immense pleasure to mention that NIT Srinagar has been awarded "OUTSTANDING ENGINEERING INSTITUTE (NORTH)" by DAINIK BHASKAR in 2013 and "OUTSTANDING ENGINEERING INSTITUTE (NORTH)" by ABP NEWS in 2014. Department of Training and Placement at NIT Srinagar plays a key role in finding a safe and secure future for our students and also provides an opportunity for them to choose their career in areas of their interest. Various national and multinational companies, reputed public sector undertakings etc. regularly visit our institute for campus recruitments. Many of our students are currently heading various leading organizations and shouldering vital responsibilities both in India and abroad. The institute maintains very good relationship with the recruiters and all possible hospitality is extended to them. I am quite sure that students of our institute will prove themselves capable enough to meet the challenges of modern technical world.

I wish them all the best for their future.

Prof. (Dr.) Rakesh Sehgal
Director, NIT Srinagar

Head, Training and Placement

National Institute of Technology Srinagar (J&K) has been the most preferred academic institute to a large number of organizations for recruiting outstanding employees with immense potential as future leaders. These organizations, from India are excited about the acumen, competence, communication, and professional attitude displayed by our students.

The rigorous and flexible academic curriculum, exposure to industry and research projects, and involvement in professional and social activities of the institute has heightened their all round development. We follow a coherent and transparent placement policy framed to safeguard the interest of our students and organizations, and its details are readily available on our website. We have excellent facilities for campus recruiters and we are pleased to make them available to all participating organizations. We also take special initiatives to meet expectations of diverse spectrum of organization and uniquely talented students. We welcome suggestions from your organization that will help realize our goal of achieving the best possible match between the aspirations of recruiting organizations and the abilities of our students. We look forward towards enthusiastic participation from your organization during the current academic year.

Thanks!

Dr Obbu Chandra Sekhar
Head Training and Placement Department,
National Institute of Technology Srinagar (J & K)
Email: Placements@nitsri.net

Vision

To establish a unique identity of a pioneer technical Institute by developing a high quality technical manpower and technological resources that aim at economic and social development of the nation as a whole and the region in particular keeping in view the global challenges.

Mission

M1. To create a strong and transformative technical educational environment in which fresh ideas, moral principles, research and excellence nurture with international standards.

M2. To prepare technically educated and broadly talented engineers, future innovators and entrepreneurs, graduates with understanding of the needs and problems of the industry, the society, the state and the nation.

M3. To inculcate the highest degree of confidence, professionalism, academic excellence and engineering ethics in budding engineers.

About NIT Srinagar

National Institute of Technology, Srinagar, an Institute of National Importance is a confluence of technical excellence, scientific advancement and robust technology gifts, which has been empowering the industries and sciences all over the world since 1960. The institute was one of the first eight Regional Engineering Colleges established by the Govt of India.

Providing technical education in eight engineering fields the faculty at NIT Srinagar savors a strength of 400 which includes professors and lecturers having degrees from assorted prestigious institutes including many IITS and NITS itself. The students at NIT Srinagar are among the brightest of the nation. The students are admitted on the basis of JEE Mains where in only 3.6% of the total students make it through the rigorous procedure to pursue their undergraduate degree. The institute currently has total of around 2200 undergraduates and around 300 post graduate students

The institute stands at the banks of the famous Dal Lake (a world heritage site) on one side and holy Hazratbal Shrine on other, giving its students a peaceful and serene environment to achieve excellence. The campus of NIT Srinagar is perpetually recognized as one of the beautiful institutes of India by many leading media outlets Apart from the beauty and serenity of the environment of the campus that it renders to its students the institute is also well equipped with all modern facilities. The modern labs and research centres within the institute provide opportunities to the students to achieve excellence and enjoy the academics simultaneously

NIT Srinagar strives to provide the best technical education and has build links with other peer universities and institutes of nation to heighten the quality of academic programmes. The institute not only focuses on academics but also aims to provide par excellence to students in extracurricular activities. The institute believes that these activities are equally important for the overall development of a sound mind and play a paramount role in augmenting overall personality of students.

The institute is the alma mater of plethora of distinguished alumni who have achieved success and contributed in industries that include academics, research, politics, government, entrepreneurship, and business. The cumulative accomplishments of its highly talented and widespread alumni is in a large measure responsible for the ever growing tradition and reputation of NIT Srinagar as one of the best engineering and research institutions in the country.

Why Recruit @NIT Srinagar

An Institute of National Importance

NIT Srinagar is 7th in the chain of 7 RECs established as part of the First Five Year Plan(1956-61) by Government of India and one of the 31 NITs of India. Under the governance of National Institute of Technology Act,2007 NIT Srinagar has been declared as 'Institute of National Importance' and NIT Srinagar has always strived to truly define the meaning of this title not just from 2007 but right from our inception. Defying the concept of adding next hundreds engineers, the institute lays the foundation of people which play a pivotal and paramount role in transforming the nation by leading up from the front. Aiming to render society a legion of not only best engineers but persons that that contribute to the society and mankind when they walk out of the gates of the institute is what we mean and pass on as our legacy of 60 years when we define ourselves as one of the leading institutes of learning.

Rigorous admission Procedure

Only the top 3% makes it through the rigorous selection procedure to carry forward the legacy of 60 years of our institute. Campus is a mix of students with truly diverse backgrounds with exceptional calibre and a strong qualitative, analytic and scientific ability with a strong will to compete and lead.

The admissions are carried out through the following highly competitive examinations:

- > Joint Entrance Exam(JEE, Mains)
- > Direct Admissions of Students Abroad(DASA)
- > Graduate Aptitude Test in Engineering(GATE)
- > Admission to the Doctoral Program(Ph.D)

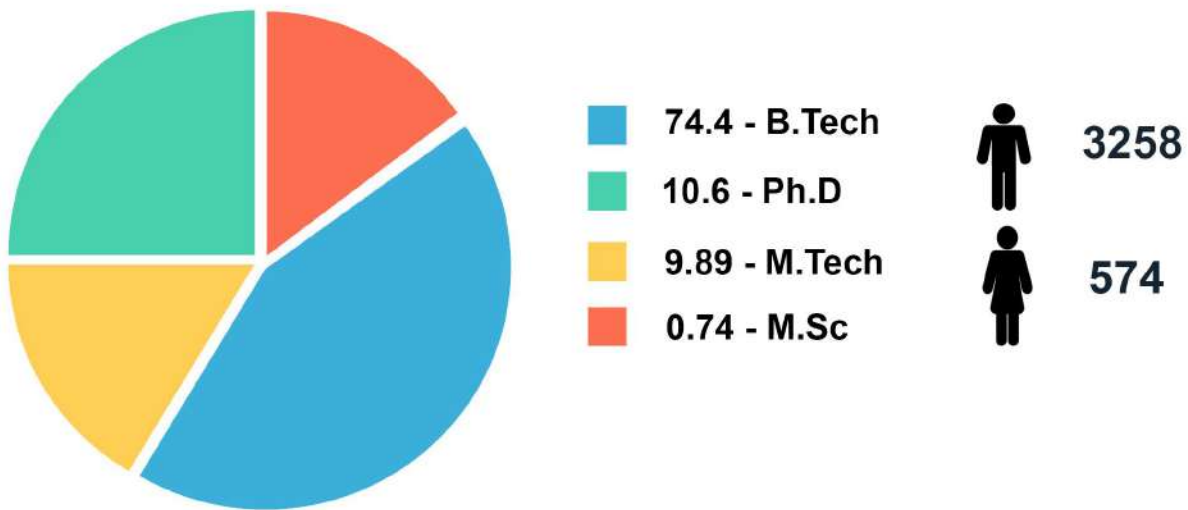

Broad curriculum

NIT Srinagar offers its students a wide range of courses with plenty of choices in fields of engineering and sciences through its 13 departments. The courses are designed to meet the correct requirement of industry and academia. Students are deputed for a compulsory 6-8 weeks Practical Training in an industry or on a project to familiarize with the actual industrial environment and to enhance their practical skills. The humanities department of our institute impart soft skill and courses that develop our students holistically.

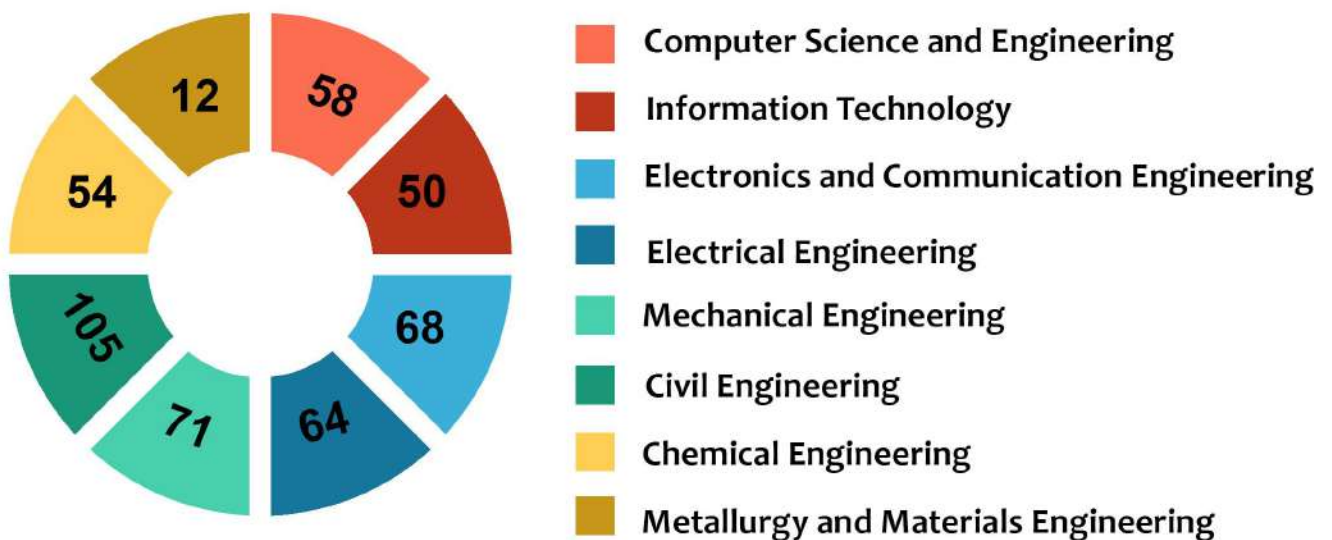

Facilities for Recruiters

- 1.Local transportation arrangement by the institute for the visiting team.
- 2.Conference Hall with well equipped audio multimedia computers and LCD Projection facilities and have a sitting capacity of 100 for pre-placement presentations.
- 3.Halls for conducting written tests and rooms for conducting interviews and group discussions.
- 4.Computer Services Centre to conduct exams and interviews online.
- 5.Accommodation in the Institute Guest House with Boarding and Lodging facilities on demand. Accommodation can also be arranged in nearby hotels.

Demographics

B.Tech Batch 2017

Kashmiriyat

Ever dreamt of being to heaven? What if it exists on earth only? Some things in life cannot be described in words, one need to experience those and one among such things is KASHMIRIYAT and one ought to visit Kashmir once in his life time to experience this gem of the Heaven on the Earth The culture we inherit is worth preserving Students come from all around the nation and share a beautiful relation with each other exchanging their native cultures. This aura of extremely diverse social background mean mutual exposure which trains for global careers that have similarly challenging environment. And when we say heaven on earth, do we need to prove our hospitality?

Life @ NIT Srinagar

Techvaganza

Techvaganza is the annual college festival of NIT Srinagar. It's an exceptional confluence of exquisite cultural displays with technological innovations reverberating in an aura filled with excitement and amusement.

MAPS NIT Srinagar

To publish the Institution Newsletter (One each in Spring and Fall semesters), to manage various co-curricular activities, to provide a platform for Students and Faculty discussion, MAPS binds all these purposes into one.

Concursomania

Biggest quiz of NIT Srinagar and one of the biggest in North India organised by the student volunteers, open for the participants all over India.

Adventure Sports

In collaboration with N.A.F, NIT Srinagar organizes many adventurous events like para-sailing, rock climbing, mountaineering, etc. to enrich students with several different life experiences.

Technical Activities

Google Student Ambassador Programme, #Include, Fulcrum, ORISM Tepp Sensitization, Guest Lectures, Aerotrix, Technolophilia Workshop MATLAB FORUM, CAD FORUM.

Societies and Student's Chapter

Institution of Engineers (IE), Mechanical Engineer's Society (M.E.S), Institution of Civil Engineers (I.C.E), Indian Institute of Chemical Engineers (IIChe), Indian Institute of Metals (IIM), IET, IETE.

Clubs

Semicolon-coding club, Nritya, Abhivyakti, Music Club, Drama Club, Debate Club, Robotics Club, are run by the students.

Inter NIT Sports Meet

Every year one of the NIT hosts the Sports meet where students from all over NITs participate in the meet.

Cultural Activities

The Institute organises cultural events like founder's day, freshers, farewell and festivals for students and faculty every year. The events are managed by the students under the guidance of the faculty associated.

EXCELLENCE @ NIT SRINAGAR

15

- Outstanding Engineering Institute (North) award by Dainik Bhaskar in 2013
- Outstanding Engineering Institute (North) award by ABP news in 2014
- Education Leadership award to Prof. Rajat Gupta, Director, NIT Srinagar by Headlines Today.
- Rajiv Gandhi Education Excellence Award to Prof. Rajat Gupta, Director, NIT Srinagar by Indian Solidarity Council.
- Best Educationist Award to Prof. Rajat Gupta, Director, NIT Srinagar by International Institute of Education and Management Delhi.

Students from our Institute have proven themselves at prestigious competition "Google Summer of Code".

Team "Buddha Coders" represented NIT SRINAGAR at ACM ICPC 2019 Asia Amritapuri Site. It was among Top 200 Teams.

Ranked 5th in NIT Conclave-2019 hosted by NIT Surathkal, Karnataka from 25-27 Jan, 2019.

Ranked 18 among 31NITs by MHRD in year 2016.

- Abhishek Augustya (Batch 2010-2014) secured AIR 38 in CSE 2019

Participated in Rally Car Design
Challenge and Gokart Design
Challenge

Successfully hosted INTER NIT Sports Meet
and won Table Tennis

Internships

At NIT Srinagar, we believe that internships provide the student with a colossal opportunity to explore the real life insights of the corporate industrial world and are an integral part of a student's overall academic achievements. Students take up winter internships to gain first-hand experience of the professional world, after third or fifth semester of their

HOW TO REACH

AIR

Srinagar International Airport or Sheikh-ul-Alam Airport (IATA: SXR, ICAO: VISR) is merely 20kms from our campus. While it has direct flights to and from many cities, one can travel to Srinagar from anywhere via air as Srinagar is one of the major tourist destinations.

RAIL

Jammu Tawi(JAT) is the nearest railway station to Srinagar, which is at a distance of 290 kms. Jammu railway station is well connected to all the major cities in India by rail. Taxi Services are available from Jammu to Srinagar. NIT Srinagar is about 8 kms from the Tourist Reception Center(TRC) from where all airport buses and other long route coaches originates and terminates.
