As we are taking a number of measures to ensure that we manage to safely get through this critical situation, we can make use of this time productively by preparing and distributing the course material online as well as utilizing MOOCs platforms. In this regard, all the faculty members of the Institute are hereby directed to prepare the course lecture notes / course outline / videos etc. for the courses that they are going to teach for the upcoming semester i.e. Spring 2020 session. Faculty should also identify the courses on the SWAYAM/NPTEL platform relevant to their courses. The lecture notes should be sent to concerned department web coordinators so that the same can be uploaded on their respective department websites.

In addition to this, there are several ICT initiatives of MHRD which can be accessed by the teachers, students, and researchers of the institute. A list of digital initiates of MHRD is given on the site below:
